Looks like the USPS is proposing closing down our CPO and placing a bank of mailboxes off Highway 101.

This is the moment to Contact Senator Wyden and Congressman Schrader about this unacceptable situation. Senator Wyden and Representative Schrader have been keeping abreast of the CPO situation by Linda Vickers and other community members

Information has been received that the second search for a person to operate our post office has produced 16 applicants but only two of those applications were judged complete. The two that were complete, reportedly, had bid amounts too high. Therefore a successful applicant/bidder was not found.

The applicant packet consists of five pages, 11 pages of instruction and a website reference of 80 pages. **We are now urging a further search with clear advice given to the applicants.**

If you have questions or would like to see a copy of the correspondence with USPS email Charlie Walker or me.
