

## Natalie's Penguins!

Natalie loves to watch the penguins dive into the water.

She is watching 9 penguins standing on the edge of the iceberg.

The penguins like to dive into the icy water.

Roll the dice to find out how many penguins dive into the water.

- Record what happens:  $9 - 4$  makes 5 penguins left on the edge of the iceberg.
- Prove it!  $9 - 4 =$  because  $4 + 5 = 9$
