

IBHA MINIATURE HORSE HEIGHT VERIFICATION

IBHA * PO Box 268 * Shelby, IN 46377

- The International Buckskin Horse Association (IBHA) will register a miniature horse not currently registered with AMHA or AMHR into the IBHA registry provided that the miniature horse meets IBHA's color guidelines and all fees, application work, and this IBHA height verification form are complete.
- For all miniature horses six (6) years of age or under, a height verification must be performed annually prior to showing the miniature horse in IBHA sanctioned classes for each year. Once the animal reaches six (6) years of age, owner(s) may apply for Permanent Registration with a completed height verification form. At any age, height may be protested at a show and be subject to measurement pursuant to IBHA Rules.
- A current AMHA or AMHR Steward or authorized IBHA designate must perform a height measurement to the last mane hair of the animal. All information and signatures on this form must be completed to be valid.
- Refer to the current IBHA Rule Book for all relevant information regarding registration and annual height verification process.
