# A WORD FROM THE SENIOR PARTNER

## OUR CLIENT RELATIONSHIP PHILOSOPHY IS CENTERED ON THE VOICE OF THE CLIENT.

We strive to provide due care to the requirements of corporate clients and seek to provide customized legal solutions keeping in mind the requirements of the clients and above all their commercial interests and objectives.

**ALOK KUMAR**  
SENIOR PARTNER

## ABOUT THE LAW FIRM

### WE CREATE SOLUTIONS

Established in 2009 at New Delhi, THS - The Law Firm provides niche, boutique and tailor-made legal solutions to both Indian and overseas clients. With the expertise available at THS, we provide a wide range of legal services, catering to clients from various sectors. Our team at THS consists of lawyers and professionals who have come together with the common goal and objective of providing impeccable legal services to our clients.

Our team members include highly qualified professionals from prestigious Law Schools in US/UK, with considerable work experience at international law firms.

*"THS works closely with several international law firms"*

We have been able to assist various overseas clients in their Indian ventures, ranging from tendering to execution of infrastructure projects. Also, we have equity participation through joint ventures and share acquisitions / subscription in sectors ranging from manufacturing, Real Estate, IT/ITES, etc.

## OUR STRENGTHS

Our team of lawyers possesses significant experience in corporate/corporate finance, inward investment, regulatory compliances, with varied experience in international transactions, joint ventures, shareholders and subscription agreements and related transactions taking into account the tax implications and regulatory requirements of RBI, SEBI, DIPP and other regulatory bodies.

### INTIMATE UNDERSTANDING OF PROJECT NEEDS

Our lawyers have experience in a wide range of business sectors including Finance, Metal and Minerals, Manufacturing, Real Estate, ITJITES etc., which means they are well-versed in special regulations and experienced in handling transactions that are typical for the area in question.

### COMPREHENSIVE LEGAL SERVICES AND EFFICIENT TROUBLE SHOOTING

The scope of our practice extends to all major areas of law relating to company operations. Our team will extend support for optimization of operations, risk-management and management of any contingencies that may arise.

## OUR ETHOS

### CLIENT RELATIONSHIP

We have created a Client Team with separately identified contact partner(s) working in practice areas relevant to the client's needs. Our Client Team provides a comprehensive mechanism to tightly link legal teams in providing seamless client service across various legal practices.

### CLIENT RESPONSIVENESS

The responsiveness to our clients is monitored by the Managing Relationship Partner based on an internal review of the communication elements as well as with a quarterly meeting with the client in order to review independently all aspects of the workflow process involved in our client relationship.

### WORKPLACE QUALITY

The responsiveness to our clients is monitored by the Managing Relationship Partner based on an internal review of the communication elements as well as with a quarterly meeting with the client in order to review independently all aspects of the workflow process involved in our client relationship.

## OUR SERVICES

1

PATENTS

TRADEMARKS

COPYRIGHTS

DESIGNS

TRADE SECRETS

# MANAGED REVIEW

THS offers highly scalable and defensible managed review solutions to law firm clients. We provide expertise in the basic document review and second level review.

## BASIC DOCUMENT REVIEW

### FIRST STAGE PROCESS

---

This entails identification and coding of documents of responsive information as defined by the client. Segregation and redaction of privileged or sensitive information is also a part of our expertise.

## ADVANCED REVIEW

### SECOND STAGE PROCESS

---

The coded documents are reviewed by experienced reviewers for a higher level of analysis based upon detailed review protocol provided by the client. This includes handling of privileged, confidential and other sensitive information.
