12. **Adjournment:**

POSTED: 9-16-24 BY: 

## QUOTATION

September 10, 2024

Mr. Steve Penrod, Mayor  
City of Vienna

Re: Vienna WTP – High Service Pump

Mr. Penrod,

Thank you for your continuing discussions regarding the replacement of one of the old High Service Pumps at the Vienna Water Treatment Plant. After reviewing the historical information in our files on the existing pump that we provided in 1992, and in consideration of the latest specification from Horner & Shifrin for the WTP Rehab project, Municipal Equipment Company (MEC) is pleased to present the following quotation for a new pump:

- One (1) Vertical Turbine Pump as manufactured by **Flowserve**
  - Please refer to the attached Scope of Supply from the manufacturer for complete details
  - Pump is being custom manufactured to match the touch points of the exiting pump discharge head so the existing pipe manifold can be reused per discussions with H&S
  - NSF 61 certified construction
- Two (2) Days of start-up services by MEC in no more than 2 trips
- Freight to the job site is included in the price
- Estimated lead time for factory prepared submittals is 8 weeks after receipt of purchase order. If factory prepared submittals are not required for approval, please advise.
- Estimated lead time for pump manufacturing and testing is 24 weeks after receipt of approved submittal documents. If testing is not required, estimated lead time for pump manufacturing is 16-18 weeks.

**Total Price...\$56,151.25**

Please contact us with any questions, or if you need any additional information. Thank you in advance for your continued trust and business.

Sincerely,

**Municipal Equipment Company, Inc.**

Danny Rowatt

cc: Mr. Justin Casey – Horner & Shifrin

Standard Terms & Conditions

- Pricing is valid for 30 days from the date of the proposal unless otherwise noted
- Payment terms are NET 30 days subject to receipt of an acceptable credit application
- Estimated lead time for equipment is based on current inventory levels at time of quotation, and subject to prior orders received.
- Estimated lead time for equipment is an estimate and cannot be guaranteed given the current global supply chain issues.
- If submittal documents are required, equipment will not be released into fabrication until approved submittal documents are returned to our office.
- The price does not include any applicable taxes. Any applicable taxes will be added to the invoice unless a tax exempt certificate is provided to our office.
- Municipal Equipment Company acts solely as an equipment supplier.
- Municipal Equipment Company shall not, in any event, be liable for indirect, special, consequential, or liquidated damages or penalties of any kind for any reason.
- Order cancellation or re-stocking fees may apply if order is canceled.
- If paying by Credit Card, an additional fee will apply.
- FOB Shipping Point
- Manufacturers' standard terms, conditions, and warranties apply.
- The Infrastructure Investment and Jobs Act signed into law on November 15, 2021, includes substantive changes to Buy America requirements compared to those specified in the preceding American Iron and Steel Act. As with previous legislation, we are awaiting any additional guidance for the US Environmental Protection Agency or other Agencies for further clarification relating to current Buy America requirements. As of now, the industry at large is unable to ascertain the parameters of the Buy America requirement. We cannot make any guarantee that this scope of supply will be in compliance with any Buy America requirements under the Infrastructure Investment and Jobs Act. Accordingly, any offer for sale, proposal, or budgetary quote/estimate submitted should not be construed as meeting such Buy America requirements - unless explicitly stated otherwise.
