

The LEEDS and DISTRICT TRACTION ENGINE CLUB

(Incorporating the British Fairground Society)

Club Library

The club has a large collection of books, publications and videos, which are itemised on the attached list. Most of the items are available for loan but this service is only available to members of the club. The rules for borrowing of items from the library are set out below. They are not onerous and are intended to make the library accessible to all members.

1. Borrowing of items is possible by the following methods:
 - a) Browsing through the selection of books brought to social meetings by the librarian.
 - b) Arranging, by telephone or postal service, for specific books to be brought to social meetings or a mutually convenient place.
 - c) By postal service. (Outward and return postage to be paid by the borrower.)
 - d) Calling at the librarian's premises by appointment.
 - e) Any other means by arrangement with the librarian.
2. The loan period is one calendar month but this can be extended at the discretion of the librarian.
3. The maximum number of books that a member is allowed to borrow at any one time is two.
4. Loss of, or damage to library items is to be made good by the borrower either by replacing the article, or by re-imbursing the club with the current market value of the item.

Reference Items

The club possesses a number of scrap books, photograph albums and valuable books which are not available for loan but can be viewed by prior arrangement with the librarian.

Librarian:

Mr G Mott
