Our group

RMO just returned from an outreach to the Chinendega area of Nicaragua to deliver quality medicine and the Word of God to those with ears to hear. It was great to work and minister with Dr. Anderson, Oscar, and Jorge again. We went to a different rural village every day.

Doc Rock Preaching

We arrived Saturday and drove to Chinendega for the day and then rested. The next day we went to a rural church with no chairs (or fans). Doc Rock was asked to bring the Word of God. What a loving attitude seen and felt by all and such hunger to receive the Word of God and the love of Jesus Christ. It is refreshing to see a full church and standing room only. Sometimes we have too many comforts and we lose sight of why we are really there in church

Ben Brackett, PA

Ben has been on many medical mission outreaches with RMO. His superior knowledge is a real asset as his heart reaches out to the less fortunate. His son Jacob, has been on one trip with RMO and enjoys learning and helping as needed including doing blood pressure.

Our leader Oscar

All the children

Teaching Jacob

Doctor Anderson

Dr. Anderson is a faithful friend and very dedicated to helping the less fortunate receive care when we are there and when we are gone. Judy and her husband are over the villages and work tirelessly to help every need. Their approach is one of happiness and joy to all they meet.

Jennifer, ER Nurse

This was Jennifer's first trip. She was always smiling and showing the love of Jesus to all she ministered to. It was a real blessing to have her on the trip to keep all of our joy full. Hilda was her usual bubbly self, full of joy and happiness keeping us laughing as she maintained the pharmacy and dispensed medicines.

Instilling learning desire

Many to see!
