OR

Sandie (715) 845-8241 ext. 100 or officeadmin@nwdlcms.org

Session Topics & Presenters (attend 1)

Boards: What Should We Talk About? - Mr. DJ Schult

Most boards want short meetings that accomplish something. If the time limit for your meeting was an hour, how would you get everything done?! What would have to change? This session will describe the three most important items that should be part of every board meeting, whether a ministry board, the church council or the leadership team. Participants will talk about their successes and struggles on each of the three topics and take home insights and resources from other congregations that do boards well. Please, only attend if you are willing to be challenged as a leader.

Whole-Life Stewardship - Mr. Dennis Johnson

Whole-Life Stewardship is about teaching the radical generosity of our God toward us in Christ and our resulting God-inspired response to Him and to others in our life. We will explore what stewardship is, who is responsible for it, and how to begin to educate and incorporate it in the life of your church. All in 45 minutes!

How Are You? Measuring the Health & Wellness of our Church Workers & Leaders – Rev. Mark Lundgren

Our congregations are best served when those called to care for us are cared for and healthy. But how can a congregation know how their workers are doing? This presentation will equip church leaders with a way to assess the general physical, emotional, and spiritual condition of their called workers (and give them a chance to look at themselves as well). Participants will also receive several resources to help keep their church workers in--and healthy in--ministry."

Moving into God's Future: VisionPath - Rev. Mark Schulz – (January 15th & January 25th Only)

We believe that God is inviting every church to join Him on the path to experience greater clarity, enhanced alignment, and fruitful action for the advancement of His kingdom. The Lutheran Church Extension Fund's VisionPath process helps you to discover your ministry's unique place in God's mission and can provide focus for your next steps in living out Jesus' Great Commission.
