Step-by-Step Guide For Teachers Online Registration

Read Directions Carefully – There are Changes for 2025

This is a guide is designed to help with the online Portal:

- Students **must** be age 13 **before** registering in ORS.
- You may complete the online registration/submission process in stages and save your work as you go or do it all at once.
 Unless you're running up against the submission deadline, it is recommended to complete it all at once, after the students have finished their work, so that you have all of the information you need in front of you.
- · You will need to upload either one or multiple images of your student's(s) artwork depending upon the category.
- Use your most frequently checked e-mail address for communication.
- · You need to know a parent's email and a parent MUST approve your account before adding work.
- You MUST verify your own email
