"DORVAL'S FAMILY NEWSPAPER"

VOL. 5 NO. 2

Dorval, Montreal

JANUARY 12, 1961

Price 5 cents

Two Dorval and two other lakeshore men were among the many members of the Kiwanis Club of Montreal who turned out last Saturday to launch the Club's sixth annual Plate 'n' Penny campaign. Object is to collect old licence plates in cartons which club members distribute to service stations throughout Montreal Island, plus an amount in pennies equal to the total of the digits on your old plates. The plates are sold for aluminum scrap. Campaign proceeds go to the Club's welfare services among crippled and needy children. Left to right above, are: Hugh Jockel, a Beaconsfield alderman, John Barnes of Pierrefonds, Paul Collins and Ray Wray, both of Dorval. Kiwanians Jockel and Barnes acted as team captains.

PREVIOUS REFUSE PICKUP METHOD IS RE-INSTATED

A firm decision to revert to the early morning, street-line pickup of refuse in Dorval was made by City Council at their January 9th meeting.

As a result of discussions with Sanitary Refuse Collectors Inc. it was agreed that the changeover to the former procedure would take place on Tuesday, January 17th. Collection of garbage will commence at 8:00 a.m. through to approximately 10:00 a.m. Containers will, of course, have to be brought out to the street.

The above action was taken after numerous complaints had been received by the City objecting to the afternoon collection of refuse from the house line, at a total additional cost to the city of \$10,000 per year.

Feeling among local residents in this regard was not unanimous, however, and there were many who felt the new procedure was an improvement and should have been retained.

Dorval To Take Store Hour Issue To Quebec City

Dorval will lodge an appeal at Quebec against the recent by-law on store closing hours adopted by the Montreal Metropolitan Corporation. Legal rights of the City in this regard is under investigation.

The by-law, passed unanimously by the Corporation, would allow stores to remain open until 9:30 p.m. on Thursdays and Fridays only. On other days (except during the pre-Christmas period) it would require them to close at 6:00 p.m.

Seventeen of the island municipalities affected by the by-law abstained from comment to the MMC; Verdun, Lachine and Pointe Claire approved with reservations; Mount Royal, Montreal North and St. Michel gave their specific assent to the bill as presented; and nine were opposed.

Objecting with Dorval were Montreal, Roxboro, St. Leonard de Port Maurice, Pierrefonds, Beaconsfield, Baie d'Urfe, St. Joachim de la Pointe Claire, and Ste. Anne de Bellevue.

concentrate on planning and research, general organization and administration of the whole Department, personnel, areas and facilities, finance, records and reports, public relations and general coordination.

RECREATION ASSISTANT RECOMMENDED

The employment of a City Recreation Leader to assist the Director of Parks and Recreation was tentatively approved by City Council Monday night, subject to 1961 budget considerations.

The establishment of this position, recommended by members of the Board of Parks and Recreation, would allow for valuable assistance in recreation programming, planning, and organizing, and in conducting and/or supervising various projects. It would thus leave more opportunity for the Director to

City Council News & Notes

SEWAGE SYSTEM PUMPS

At their January 9th meeting Dorval City Council unanimously approved acceptance of tender submitted by Canadian Fairbanks Morse Limited in the amount of \$86,500 to cover cost of supplying larger pumps at No. 1 and No. 2 pumping stations. The pump presently located at No. 1 station would be moved to No. 4 pumping station at the foot of Neptune Avenue.

Council's decision was based on a four-page detailed report submitted to the City Manager by Julien St. Pierre, City Engineer.

The report points out that infiltration of surface or ground water into the sewerage system accounts for the major portion of present difficulties in this area and recommends a survey be made to determine the sources of such infiltration.

Installation of the new pumps is expected prior to the Spring thaw.

CIVIC LIBRARY PRESENTS ANNUAL REPORT TO CITY

The annual report of the Dorval Civic Library for 1960 very clearly reveals the growing use being made of its facilities by local residents and their children.

Adult membership rose from 450 in 1959 to 565 as at December 31st in 1960, while Juvenile members jumped from 900 to 1350.

Books on hand increased from 7211 to 11,551 and book circulation for the year amounted to approximately 20,000.

A total of 36 volunteers contributed 6,250 hours of their time to meet the demand for library service.

The report recommends the employment of a part-time paid assistant in addition to a paid part-time librarian and it also seeks a grant of \$2000 from the city in 1961.

Council, at its January 9th meeting, agreed with these recommendations subject to 1961 budget considerations.

ANNUAL POLICE REPORT

Police activity showed a general increase over 1959 according to the annual report of that department for 1960.

Telephone calls handled were up

from 12,100 in '59 to 14,309 in '60; car trips for other departments almost doubled from 254 to 485; traffic accidents investigated totalled 946 versus 799 in 1959; and traffic tickets issued amounted to 2743 versus 2652.

Mileage travelled by cars and motorcycles jumped considerably from 133,552 in '59 to 180,767; while ambulance calls totalled 225.

Police investigated 410 thefts involving stolen goods amounting to \$162,476.34. Of this number, 168 cases were solved and goods to the value of \$195,891.34 re-

YOUR BLOOD

SO VITAL...

The Red Cross Mobile Blood Donor Clinic will be set up at: Trans-Canada Airlines - Dorval, next Tuesday Jan. 17 from 8:45 to 12:00 (noon), and from 1:30 p.m. to 5:00 p.m.

City Manager, Rene LeBlanc drops the puck for a game held January 10th between the office and outside employees of the City. The final score was 5-4, the office employees emerging victorious.

Letters To The Editor

The Editor, The Dorval Reporter.

Dear Sir:

I was very surprised to read in the last issue of the Dorval Reporter that there has been sufficient objection to the new method of garbage collection to cause the City of Dorval to revert to the previous type of service whereby garbage is again collected at the street line.

Council's decision to have garbage picked up at the back door was a good one and any serious objection is certainly not apparent to the writer.

There is no doubt in my mind that the new service is in keeping with a progressive, attractive, residential community such as ours.

Certainly the idea is not new and has been favourably implemented in a number of areas on the Island of Montreal, in some instances for years. One has only to look at Westmount, Montreal West, Hampstead, Outremont, Town of Mount Royal, Beaconsfield, as evidence of this.

It seems incongruous to have home owners spend considerable time and money making their property more attractive on the one hand, while on the other hand be satisfied to detract from the appearance of their property and community by placing unattractive garbage pails on their front lawns.

I consider myself as ambitious as any of my neighbours but I must admit it is certainly more convenient to put the garbage pails at the back door rather than carry them to the property line.

In this connection this convenience must be particularly appreciated by our older citizens as well as the many home owners whose business might take them out of town on garbage collection day.

I understand that the cost for this

new service is \$10,000.00 which represents an additional outlay by the home owner of approximately two cents a pick-up or a little over two dollars a year.

When considering the further attractiveness of our community, added convenience to the home owner at a very low cost, I for one am in favour of continuing the new garbage service of backdoor pick-up and I sincerely hope that Council will see fit to stand behind their decision to this effect.

Yours very truly,

W.G. Millsom

The Editor, Dorval Reporter.

Dear Sir:

With much disappointment I read of City Council's decision to revert to the previous type of garbage collection.

To the senior citizen & many others the new method has been a real blessing, as the garbage could be put out in daylight & the hazard of falling on icy snow greatly eliminated.

I would like to see the matter given more consideration and an opportunity for those who are satisfied to make it known. The remarks about garbage freezing or smelling are rather inadequate, as surely any smelling must have come about in the three or four days between collections and not in three or four hours; also there

L.C. Harland, President of Harland Automobile Ltd. Dorval, is pleased to announce the appointment of N.A. Phibbs as General Sales Manager.

Mr. Phibbs, a resident of the Lakeshore, is well known in the Automotive Industry and brings eighteen years of experience in all phases of the Automotive Business to his new position.

are many ways to avoid both freezing and smelling. Does it add to our City's beauty for garbage cans to line the streets from 7:30 A.M. until husband comes home in the late afternoon? and what about the advantage the new method has to snow removal operations?

Mrs. R. Kennedy.

A Senior Citizen.

The Editor, The Dorval Reporter.

A great deal of interest has been aroused locally by the suggestion that the city of Montreal may take steps to annex all suburban municipalities on the Island of Montreal.

Such a movement was unanimously opposed by all thirty-one municipalities in a recent consultation and a united front will be presented against any bill which may be introduced at Quebec by the city of Montreal for such a purpose.

The city of Dorval, and many of its immediate neighbours, are agreed that some form of centralized planning and control must be organized to handle matters which present common problems to all metropolitan municipalities. However, we insist that local matters are best handled by local bodies, who are closer to the problems and much more accessible to the local taxpayers affected by these problems and their solutions.

Metropolitan problems of gigantic urban centres are not new in this world, in spite of the complete surprise with which they seem to have overtaken the city of Montreal, and many cities throughout the world have achieved a solution by means of a two-tiered system of borough government whereby central matters are handled by a central body and local matters by local bodies. The logic of this solution would appear to be rather self-evident to even the most casual observer of municipal affairs.

Yours sincerely,
 R. John Pratt, M.P.
 Mayor of the City of Dorval.

The Editor, The Dorval Reporter.

Your correspondent, Mr. George Cattiny, admits himself in his letter to you that the question of shopping hours should be decided by a combination of employee, employer, and consumer. No one denies this, and, in the city of

Dorval, our legal closing limit of 10:00 p.m. was fixed by the council in consultation with all our shopkeepers, both big and small, who were UNANIMOUSLY in favour of the hour chosen. The shops, in turn, made their own arrangements with their employees, as a result of which most shops close at 9:30

p.m., or, in other words, half an hour before the legal limit. I am sure that no one interested in the labour movement would want a government body to legislate hours of work, as this would be tantamount to "compulsory arbitration".

FORUM SERIES ON COMMUNICATION — OVERCOMING OBSTACLES TO UNDERSTANDING

For the first time in history everybody in the world could be reasonably well fed, clothed and housed within a few years — if we all decided that this must be done. Yet, we may go on warring — hot or cold variety — for years, instead of putting our resources to work toward this desirable objective.

Why? Surely not because many people or both sides of the iron curtain do not really want to see everyone getting at least a minimum of the essentials for a good life. There may be a few dictators and power-hungry juntas. There may be a small military caste, there may be a few arms manu-

facturers and a few mercenary traders who want war because it will bring them power or profits. But generally, even people whose profits it might swell — such as stockholders in industries which make more in wartime — would be glad to forego these profits, and be spared the human losses which wars bring with them.

Why, then, do we not get together to work for the abolishment of starvation, poverty and misery? We cannot blame all our difficulties on political differences, since people with the same ideas may disagree on how to bring them about. The viewpoints may be as divergent as those of capitalism

and communism, or they may be as close as those of two members of Canada's cabinet, yet it may seem equally impossible to reconcile them.

What is responsible for those divergent viewpoints, even among people who have much the same type of background? Taught in the same schools, playing the same games by the same rules, reading the same books, working within the same system, how do people emerge so different?

No simple answer is possible. We can say that most of the difference are due to environment, but that

IN FOCUS

By K. M.

THE MARCH OF DIMES CAMPAIGN which begins Jan. 16 has on its general committee two Dorval residents, Gordon Glencross, and Mrs. Louis Hamel, both polio victims. Many of us are familiar with Mr. Glencross's work in urging adults to take advantage of the polio shots. He was the author of an article "I Never Found Time For My Polio Shots," *Weekend Magazine*. This week Mr. Glencross is making a tour of the Maritimes, and will make several T.V. and radio appearances in connection with the March of Dimes.

Mr. Glencross was seen briefly on the Don Messer show last Monday evening. He is stressing in his public appearances the difficulties faced by a family when the father is stricken with a crippling disease, and the fact that we should all take time out for the vital polio shots. Mr. Glencross's recovery and his earnest gratitude for the rehabilitation programmes made possible by The March of Dimes make him an earnest and ideal campaign worker.

Mrs. Louis Hamel, a Dorval mother of two, who is bilingual, has been in demand for T.V. and radio appeals and this has been her work during the March of Dimes in previous years. This year she will be doing more general campaign work. Mrs. Hamel has made a wonderful recovery from the effects of the polio which she contracted in 1953. She spent four months in hospital, one of these months in an iron lung; she spent one year in a wheel chair, walked with braces for four years, and now manages with two canes. Mrs. Hamel has one daughter, born before she had polio, and a baby boy. The March of Dimes Fund helped pay for the expensive and physiotherapy which was a necessary part of her recovery programme, and Mrs. Hamel adds the weight of her work and enthusiasm each year to their campaign.

THREE MEMBERS of the general committee for the March of Dimes campaign to be launched Jan. 16 with an objective of \$225,000. All polio victims, they are, from left: Gordon Glencross, Dr. Neil Compton, and Mrs. Louis Hamel.

HOME DELIVERY -- HOLIDAY STYLE: The subject came up quite frequently over the holiday period, of City aid to befuddled drivers and guests. It is becoming the policy of many cities to escort to their homes citizens incapable of driving or navigating safely. One City in the United States outlined a plan whereby any citizen who lived (1) within two blocks of a bus stop (2) on a ploughed street, would be assisted home if he so desired. A Dorvalite, has suggested that for local use the first stipulation should read, "Any citizen who knows where he lives." In the interests of progress -- a few stories are drifting in on mix-ups which have occurred as a result of the renumbering and renaming of the streets. One comes from a father who started out to deliver two teenagers to a party on "Starling" Avenue. Part of this street has been renamed "Parkview" so it presented a special difficulty. As an aftermath to his story -- a thank you to the householder who allowed the girls to use the phone to ask the host where he lived, a thank you to the householder who loaned a shovel when father got stuck in the snowbank turning around, a thank you to the Strathmore Pharmacy driver who was the only driver to lend a helping hand for the final push out of the snowdrift; a word of congratulations to the father involved who controlled his temper -- to a fair degree, that is. Of course the end result of this temporary confusion will be a City with streets numbered in an orderly fashion that everyone will locate any address without difficulty!

HARMONY INCORPORATED HAPPY TONES CHAPTER has appointed Mrs. Dorothy Touquet as Ways and Means Chairman. Two members of this committee are also local ladies, Mrs. Lillian Hawker, and Mrs. Ruth Smith. Over the holiday period the Happy Tones Chapter, which draws one third of its membership from the Lakeshore, carried out two projects which proved very rewarding experiences for the singers. At Verdun Hospital they were encouraged by the awakening of interest in mental patients as they listened to old familiar tunes sung in close harmony. Some of the patients joined in with the singers; in one men's ward where the Happy Tones seemed to be recreated as they started to sing, they were asked for encores and had the liveliest sing-song of the evening. Another visit, to The Old Ladies Home on Pine Avenue W., where they provided some games and prizes as well as the singing proved to the group that this is a form of entertainment much appreciated.

THE DUST that is flying around the Dorval Civic Library is being happily ignored by Library workers and members. It is the sign of the progress of work in the library extension area where the flooring is in, the electrical wiring completed, and workmen are prepared to knock down the wall between the two rooms as soon as the library closes, Jan. 12. Tonight, Thursday, is the last library night until the re-opening is announced in the local papers and on the radio . . . Found in the library, a bag of money -- play money, neatly stashed in a Seagrams bag, a valuable commodity in a certain age group.

ADULT EDUCATION ON SAFETY! Some of the answers to the question asked locally many times by members of the Dorval Safety Council on how we are to interest our citizens in the important matter of Safety Programme for children and adults may be learned by Mrs. Mac Godbeer who is attending the Ontario Department of Transport Workshop on Safety programme which extends to the point and demerit systems on drivers licences, has worked out many new ideas on Safety Programmes . . . Have you seen the chart which is being kept at City Hall and which pinpoints each accident location in Dorval. It made effective illustrative material for Alderman Godale's talk at Tuesday's session of the Dorval Junior Chamber of Commerce Civic Affairs Forum.

MADAME G. VANIER will be entertained at a reception and tea given by the Montreal City Council of the Catholic Women's League of Canada on Jan. 29; Mrs. L. Kelller, President of St. Veronica's Council and Mrs. W. Benjamin, Vice-President, and other members and friends from Dorval will attend the function . . . Miss Joy Ann Moyer who will be entering the Canadian Figure Skating Championships at Lachine this month was injured. Miss Jane Pachl of Montreal, former Canadian figure skating champion, and Miss Moyer were struck by flying glass from a restaurant window blown out by a carnival fireworks rocket which failed to explode in the air and struck the building. Miss Pachl suffered from severe cuts, and is in hospital at Lake Placid. Her pupil, Miss Moyer was able to resume training for the championships.

MARCH OF DIMES LAUNCHES CAMPAIGN

The Quebec March of Dimes launches its campaign for funds to continue the fight against poliomyelitis on January 16th, it was announced today by Hugh Parry, the General Chairman of the campaign. At the pre-campaign rally held recently, the objective of the campaign was set at \$225,000, an increase of \$25,000 over last year. The campaign continues from January 16th to February 1st, when it is concluded with the Mothers' March on Polio.

At the rally, Alex C. Solomon, Chairman of the Quebec Chapter, Canadian Foundation for Poliomyelitis and Rehabilitation - Quebec March of Dimes - stated that from the trend established in 1960, there would undoubtedly be a substantial increase in the 1961 program, both in prevention and rehabilitation. This, because of the 1959 severe Polio epidemic which continued on into 1960. He hoped that, in order to meet the increasing needs, the 1961 March of Dimes campaign would keep pace with the needs, and thereby establish a new record.

Mr. Solomon summarized the work accomplished by the Quebec March of Dimes in 1960 and forecasted a greater program to include vocational rehabilitation, and stepped-up activities in recreation for the handicapped for the year 1961.

The mass Salk Anti-Polio Vaccination clinics which started in February 1958, and have continued on through 1960, will still be a very important activity of the Quebec March of Dimes for 1961. By and large, all of the province has

been covered, including many isolated communities, such as the District of Gaspé, Seven Islands, Schefferville, Temiscamingue, Abitibi, Northwest Quebec, and Lake St. John area. The Eastern Townships and various of the larger cities and towns have also been covered, many of these with two and three series of clinics. It is interesting to note that even for the DEW line, where it is in the Province of Quebec, provision was made for the vaccination of personnel. These Anti-Polio vaccination clinics required \$40,000, or 18.48% of the entire budget of the 1960 Quebec March of Dimes.

EVEN A BABY Can Tell You That Shopping In Dorval IS THE SENSIBLE AND ECONOMICAL APPROACH

Mom and Dad in Dorval have a real rapport with the corner druggist. Whether it's the loan of a set of scales or an antidote for licepups, Baby gets fast and efficient service from his Dorval foster-father, the merchant. It's that way everywhere in Dorval. When you "Shop Dorval" you shop with confidence and the knowledge that nobody, but nobody! can possibly give you the values and services available in the intimate shopping circle that is the Dorval merchant's sphere of fair operation.

Support your Dorval merchant. He's at your service, and what's more, he's set his star on the growth of Canada's most thriving community. His taxes go a long way toward relieving your tax burden. Shop Dorval and be sure of satisfaction every time.

50TH FIGURE SKATING CHAMPIONSHIP OF CANADA

AT LACHINE -- JANUARY 25, 26, 27.

AT FORUM -- EVENING JANUARY 27.

Not since 1941 have the people of this district had the opportunity of seeing one of the oldest amateur sporting events. Figure Skating is the only sport that has provided Canada with more gold medal winners than any other and from all

future outlooks will continue being a winner in this field.

Entries are arriving from all parts of Canada every day and every indication points to one of the most contested Championships in several years. The President of

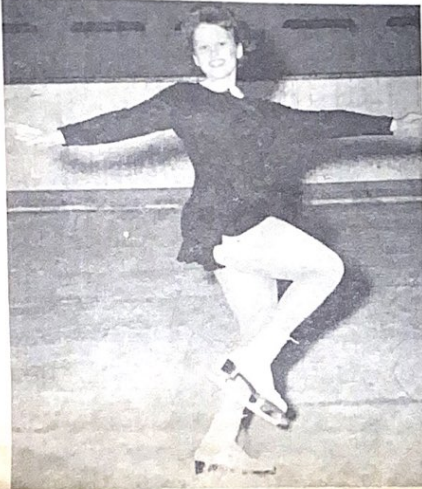

the Canadian Figure Skating Association, Mr. Granville Mayall, Vancouver, B.C. reports that the three Western Canada Sections will be well represented with their quota of competitors. He also intends being here for this Canadian Championship and will referee some of the events.

From a local interest, the competitors representing Eastern Canada Section include Miss Helen Ann Mitchell of Pointe Claire and Miss Joy Ann Moyer competing in the Junior Ladies' Singles. Miss Marilyn Reid and Mr. Stephen Arcand will enter the Junior Dance Championship. All are members of The Lachine Figure Skating Club.

Tickets are available for the events taking place in the Lachine Arena at any Club Session, Wednesday and Friday evenings or Saturday morning. Also at Cassiday Shoe Store and Daynonda Dress Salon in Lachine. Tickets for the Forum finals Friday evening may be purchased at the Forum Box Office.

Members of the nine skating clubs in the area are busy selling admission tickets and sales to date indicate a full house for both Thursday and Friday. Previous Championships have drawn ten to fifteen thousand so it would be recommended that you secure your admission early.

For any additional information concerning the Championships, do not hesitate to call Mr. F. Sutton, Chairman of the Championship at ME 7-6107.

LACHINE FIGURE SKATING CLUB MEMBER IN FIGURE SKATING CHAMPIONSHIPS

HELEN ANN MITCHELL, 15 years old is the only member who was with the original skating club of Lachine; she was then three years old. She is the Eastern Junior Champion of 1958; she is the Most Artistic Skater for 1960; she skates summers and winters and her Pro. is Mrs. Eva Vosok, who has taught her all through her years of skating.

Helen Ann gets up at 5 in the morning to go to the Town of Mount Royal for an hour's skating before going to school. She attends John Rennie School in Pointe Claire, and will be competing in the Junior Ladies' Singles.

MR. GRANVILLE MAYALL, Vancouver, B.C., President of the Canadian Figure Skating Association which holds the 50th Figure Skating Championships of Canada in Lachine and Montreal at the end of January.

MISS MARILYN REID and Mr. Stephen Arcand are members of the Lachine Figure Skating Club who will be seen in the Figure Skating Championships. Marilyn Reid, 14, is a Grade IX student at Beaconsfield High School. She started skating at 7 years of age at Verdun Figure Skating Club. She has completed the 3rd Figure Skating Test and Senior Silver Dances. Marilyn does summer skating at the school at Town of Mount Royal, and takes Figure Skating lessons from Eva Vosok, Dancing from Nancy Davidson from Town of Mount Royal.

Stephen Arcand, 19, Lachine, goes to St. George Williams College. He has completed his 5th Figure Skating test and his Senior Bronze Dances. Stephen also takes dancing lessons from Nancy Davidson, and takes Figure Skating from Carol Jane Paschl.

AUTHORS and ARTISTS

By Mary Ellen Scott

IN RETROSPECT

From the vantage point of a new year it is often instructive, often pleasant, to view the peaks and valleys of the year just past. '60 has been a year rich in varied experience. In the theatre, there have been major and minor triumphs. On the local scene we shall not soon forget Monique Moncrieff's delightful performance as the "Madwoman of Chaillet," nor Jan Ayres' lovely Mrs. Catt in "The Shop at Sly Corner."

In the field of Art the Lakeshore has seen a successful experiment in the outdoor art show at Stewart Hall, while the Montreal Museum's two outstanding exhibits in centenary year were the Centenary Exhibition and the Van Gogh Exhibit.

BOOKS WHICH WILL LAST

Amid the welter of printed material which flows into our ken in press releases, books and magazines, we pause to wonder what William Canton would think now of the transformation which his invention has wrought. Indeed many of the books we receive we give away fast to our childless friends, but we believe that the following books will be read and enjoyed by future generations of Canadian readers -- "THE TORCH" by Wilfred Penfield and "SHORT OF THE GLORY" by E.M. Granger Bennett.

Did you know that Canadian books which have stood the test of time are available in the "New Canadian Library" series? Five more titles were released in November, making a total of 19 titles in the series, six of which have already been reprinted.

The reception of the new series of paperbacks introduced by McClelland and Stewart with some trepidation in 1958 has been particularly rewarding to its editor, Dr. Malcolm Ross, Professor of English at Queen's University. Dr. Ross, a Guggenheim Fellow 1949-50 and a former Editor of the Queen's Quarterly is the author of "THE ARTS IN CANADA" and "OUR SENSE OF IDENTITY". He aims to secure a representative cross section of the best Canadian writing in its different forms from the colonial period to the present. Here are the new titles in THE NEW CANADIAN LIBRARY Series: THIRTY ACRES by Ringueit THIRTY ACRES by Ringueit \$1.25. EARTH AND HIGH HEAVEN by Gwethalyn Graham \$1.25. THE MAN FROM GLENGARRY by Ralph Connor \$1.25. SUNSHINE SKETCHES OF A LITTLE TOWN by Stephen Leacock \$1.25. MORE JOY IN HEAVEN by Morley Callaghan \$1.25.

STRATFORD -- A PINNACLE

Theatrical speaking, the peaks of the year were the Shakespearean Festival at Stratford and Lerner and Loewe's "CAMELOT" at the O'Keefe Centre for the Performing Arts in Toronto. We were seizable of the honour which was ours in reviewing the plays at Stratford. The panoply and pomp, the skill and the splendour which combine to make Stratford top theatrical entertainment, is thrilling to watch. It is the constant hope of the critic fulfilled. There was the added pleasure in seeing a little girl (too young to enjoy it, her relatives said) get as much and more from the productions than many adults. The future of Canadian theatre depends on our children. Let's take them early and often to the theatre!

CAMELOT... SPECTACLE OF A LIFETIME

The first great splurge of publicity with its accompanying diverse criticisms was soon over. Canada's largest and most opulent Auditorium, now open, has been exclaimed over. CAMELOT is launched as an assured success, and flickers of comment, whispers of enthusiasm are still blown to us on breezes from the south. When one of these drifts our way we thrill anew to the fun of having seen the premiere of this great spectacular.

"CAMELOT" confused the critics by combining all the light-hearted high jinks of a musical comedy with the grandeur and pathos of high tragedy. We are accustomed in a packaged society to clearly identifiable labels; thus it was no wonder that the interpretation of life in Arthur's mythical court as a human comedy should be confusing. But does not the Human Comedy more often than not prove infinitely tragic?

Never was a merry spoof of Chivalry so gorgeously costumed, so beautifully staged. The white and gold settings were both mobile and modular, and could be used in a variety of ways to present varied aspects to the audience. The lighting was excellent, reaching a superb quality in the final battlefield scene where all was bathed in a bloodred glow.

Highly stylized medieval costumes in "Camelot" provided a striking contrast with the costuming at Stratford which were styled to simulate reality. As befitted the musical comedy mood, the characters of Camelot looked like illustrations in a fairy tale. Depending on the mood of the scene they were airy, soft and filmy, or in the jousting scenes, like figures cut from cardboard. The spangled, air quality of Act I was typified by Guinevere's opening song, "There are the simple joys of Maidenhood?" The Maying scene, all greens and whites like the tender young shoots in a spring woodland was set off by the gaily naughty song, "The Lusty Month of May". The glass bubble of gaiety is shattered, and the act ends on a jangled note. Against a background of court splendour seldom equalled on stage, Arthur soliloquizes on the dilemma in which he, Lancelot and Guinevere now find themselves. Where now are the simple joys of maidenhood? Gone is the merry spoof; the drama begins.

Morgan Le Fay, played by M'el Dowd provides the one respite from somberly mounting tension in Act II. Her pink, slinky lampon of lascivious sensuality was show biz on a high level. Roddy McDowall's perfect timing and dance-like movements enlivened every scene in which he appeared. Yet the mood of desolation achieved by Burton and Julie Andrews, old tropes both, in the duet "What do Simple Folk Do?" was the theatrical highlight of the production.

Seeing Bob Coulet's polished performance on Ed Sullivan's show last Sunday night was a reminder, not so much of what Goulet had done for Camelot (and he was well cast as Lancelot) but of what Camelot has done for him. It was evident that Robert Goulet has come a long way in achieving confidence and polish since October. Camelot was his great chance, and he has made good.

"Y" INTRODUCES NEW SERIES OF ADULT CLASSES

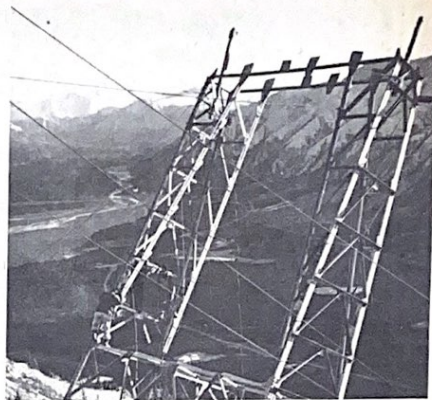

A new series of winter classes for adults has been announced this week by the Lachine-Dorval YMCA. A total of eight different informal education courses are included in the program which will take place both in Lachine and Dorval, it was reported.

Most classes will start the week of January 23rd and in most instances run for a ten-week period. Ladies in Dorval will have an opportunity to take part in the Ladies Day Out program which starts Tuesday, January 17th at Strathmore United Church. This class which includes a program of well balanced calisthenic exercises, talks, discussions and demonstrations will be held each Tuesday from 9:30 to 11:30 a.m. for a period of 10 consecutive weeks. A nursery school for children over 2 years of age is also provided.

The annual 'Y' Golf Clinic will make its start on Wednesday evening, February 8th at Courtyard Park School Gymnasium in Dorval. Two classes will be offered this year, the first one meeting from 8:30 to 9:30 p.m. and the second one the following hour. Instruction in the fundamentals of grip, stance and swing under the professional eye of Mr. Walter Dzielwiez will be provided. Mr. Dzielwiez is the assistant pro at the LaSalle Golf and Country Club. The golf clinic will run for a total of 8 weeks.

Other interesting courses for adults which will be held at the 'Y' are Sketching and Painting which will be under the instruction of Mr. Andrei Zadorozny from the Montreal Museum of Fine Arts, and which will be held on Thursday evenings starting January 26th. A ten-weeks course in Interior Decorating will be held on Wednesdays from 8:00 to 10:00 p.m. starting January 25th and a new program for women under the heading "Ladies Charm School" will be held at the 'Y' every Wednesday morning from 9:30 to 11:30 a.m. starting February 1st. This course will include figure and posture control, hair styling, make-up, wardrobe and accessorizing. Mrs. Audrey Morris, a professional model will provide the instruction.

The 'Y' also announced that a ten-weeks class in Bridge Instruction for beginners will get underway on Wednesday evening January 25th. On Tuesday afternoon and evening commencing January 24th a ten-weeks sewing course will be offered under the instruction of

TRAMWAY IN THE SKY. The steel framework of an aerial tramway that hoists men, food and fuel to tower sites on the 1,200-mile Canadian National Telegraphs micro-wave system between Grande Prairie, Alta. and the Yukon-Alaska border, juts boldly from a Yukon mountain peak. When completed late in 1961, it will be a vital communications bridge between NORAD Headquarters and Alaskan radar sites, and in addition will improve telephone and telegraph communications throughout the Canadian northwest. For most of the route, the micro-wave towers -- each mounting two 10-foot dish antennae -- follow the Alaska Highway. The line-of-sight requirement between successive mountain-top towers, however, has meant some sites are far from the highway and access roads have been hacked out of the forbidding land.

(Canadian National Railways photo)

Miss Dorothy Walsh, a graduate of the Fashion Arts Academy. Instruction is for both beginners and advanced and the program will include all phases of sewing. Thursday, January 26th will see the start of a ten-week program in Linoleum and Ceramics/Mosaics. The course

which will be directed by Mr. D. Roy Benjamin of Lachine will include designing, cutting and setting of tiles.

Full details as to registration and course fees are available by calling the Lachine-Dorval YMCA at ME 7-2511.

DO IT NOW

WITH A HOME IMPROVEMENT LOAN

Home Improvement Loans are available through your bank under the National Housing Act for alterations and repairs to the exterior or interior of a home and for a wide variety of other improvements. You may borrow up to \$4,000 with up to ten years to repay. These loans are also available to the owners of rental properties.

The sympathy of the community is extended to the family of the late Dr. Alfred Ouimet who died suddenly at his residence on Green Circle on January 5th and whose funeral was held last Tuesday from the Church of the Presentation, with interment in the Parish Cemetery.

St. Veronica's Parish Council of the Catholic Women's League will hold a meeting on Wednesday, January 18th in the School Auditorium at 8:15 p.m. The Diocesan President, Mrs. R.G. Arless, will be the guest speaker, and will report on her recent trip to the National Convention which was held in Edmonton, and will also show slides taken during her trip.

Congratulations to Mr. and Mrs. L.W. Baker, Wilshire Ave., on the birth of their daughter, Lorraine, on January 1st in the Catherine Booth Hospital.

Mr. and Mrs. A. Mailloux, Linnet Crescent, held Open House last Sunday afternoon and evening when they entertained some seventy friends and neighbours.

The many friends and neighbours of Mrs. Kevin R. Bahen, Westwood Ave., join in extending to their most sincere sympathy on the recent death of her mother, Mrs. St. Denis.

Mrs. J.A. McTavish, Green Circle, entertained her bridge club last Tuesday evening.

Birthday greetings to Mr. W. Ritchie, Violet Circle and Mr. A.M. Leavitt, Chanteclerc, whose birthdays were January 10th to Mr. G. Kinmond, Westwood, who is celebrating his birthday today; and to Mr. H.D. Clmsted, Pine Beach Blvd., whose birthday is tomorrow.

A business meeting of the Strathmore Women's Club will be held this evening in the Strathmore United Church Hall at 8:30 p.m.

Mr. and Mrs. Werner Graupe and their family of Handfield Circle, have returned home after having spent the holidays in Florida.

The Dorval Lanes' Friday Night House League will resume their regular bowling tomorrow evening at 9:15 p.m.

Congratulations to Mr. and Mrs. T.J. Dymont, Sources Road, who will celebrate their thirteenth wedding anniversary on January 17th.

The Annual Meeting of the St. Andrew's Players will be held this evening in St. Andrew's Church Hall, corner of Brookhaven and Thrush Avenues, at 8:00 p.m.

The Senior Citizens' Club met on January 5th when the members enjoyed a talk on "Winter Faith" by Reverend P.M. Turpin. Refreshments were served by members of the De Council Chapter of the I.O.O.F. who sponsor this Club.

The next meeting of the Senior Citizens' Club will be held in St. Mark's Church Hall on Thursday afternoon, January 19th.

The Mothers' Union of St. Andrew's Church will hold the next meeting on January 20th at the home of Mrs. N.J. Balla, 27 Lake Avenue, when the Reverend John Isaacs will speak to the group and lead a discussion period on the "Holy Spirit". All women are welcome.

LETTERS

Cont'd from page 2

Such decisions are preferably left to be decided between management and labour themselves without interference of a municipality.

As far as the consumer is concerned, the Dorval Joint Committee of Civic Associations has made a survey of its members and the result is overwhelmingly in favour of maintaining our present shopping hours. I understand that most of the other Lakeshore municipalities are also in favour of such hours with the possible exception of Lachine, which, of course, if perfectly free to set its own hours independently to the rest of the Lakeshore, if it wishes to do so.

It seems to me and to the majority of our citizens that Dorval has been quite fair to employees, employers, and consumers in its present-by-law.

Yours sincerely,

R. John Pratt, M.P.,
Mayor of the City of
Dorval.

The Committee on Adult Safety Education will meet on Monday, January 16th in the City Hall, Martin Street, at 7:30 p.m.; and the Committee on Children's Safety Education will meet on Tuesday, January 17th in the City Hall, Martin Street, at 7:30 p.m. These Committees have been formed by the Dorval Safety Council, and the Chairman, Mrs. V. Godbeer, will preside at both meetings.

Birthday greetings to Swyneth Howell, Graham Blvd., and to Garry Lang, Westwood Ave., who were both nine years old yesterday; to Maureen Dolan, St. Charles Ave. who is fourteen years old today; to Donald Saunders, Neptune Blvd., who will be fifteen years old tomorrow; to Suzanne Etwell, Prince Charles Ave., who will be sixteen years old on January 17th; and to Nancy Crockett, Castledale, who will be twelve years old on January 18th.

The Dorval Work Group of the Women's Auxiliary of the Lachine General Hospital will hold the next meeting at the home of Mrs. R.W. Arengo-Jones, 43 Claude Avenue, on Wednesday afternoon, January 18th.

Boy Scouts Join Welfare Federation

The Boy Scouts Association of the Montreal Region with its record of 50 years of service to the community is joining Red Feather Welfare Federation for fund raising purposes.

This announcement was made jointly by Mr. H.G. Norman, Chairman of the Board of Directors of Welfare Federation of Montreal and Mr. Earle T. Moore, President of the Montreal Regional Council of the Boy Scouts Association.

Joining date will be Saturday, January 7th, but the final maintenance fund campaign for 1961 will be from February 3rd to 17th.

This merger of two long-established organizations is of considerable importance to the citizens of Montreal. There is increasing concern about the multiplicity of appeals which beset Montrealers and the combining of the Boy Scouts Association with Red Feather is an important forward step towards solving this problem.

Red Feather has agreed to give every possible assistance to the Boy Scouts Association during the course of its final appeal for \$150,000.00. This is the first merger with Wel-

fare Federation of a new group since Red Feather set up its New Agencies Committee in the Summer of 1960 under the Chairmanship of Mr. D. A. Hanson.

Mr. H.G. Norman, Chairman of Welfare Federation of Montreal said-

"This I consider to be a remarkable and happy achievement. Within the ranks of Welfare Federation we regard with satisfaction the move initiated by the Boy Scouts Association to join a larger community organization. It is a good start in our efforts to alleviate the multiple appeals situation."

Mr. Earle T. Moore, President

of Montreal Region Scout Council said-

"We are calling this our Good Turn for Montreal - reducing the number of large campaigns by one and of course benefiting Scouting by enabling our adult leaders and friends to devote more time to Boy Scout training instead of using a substantial degree of manpower, time and expense for an annual maintenance fund raising effort."

How much pain evils have cost us that have never happened!
- Thomas Jefferson.

Good has but one enemy, the evil; but the evil has two enemies, the good and itself.
- J. Von Muller.

CELEBRATES 100TH BIRTHDAY

CONGRATULATIONS and best wishes are extended to Mr. Charles Rachstraw, 5410 St. Joseph Street, Lachine, who celebrated his 100th on January 11, 1961. A gathering of family members and friends marked the occasion for Mr. Rachstraw. Messages of congratulation were received from the Queen, from the Prime Minister, from Provincial Member of Parliament, Dr. Kirkland, and from the Federal Member of Parliament, Mr. John Pratt, Mayor of Dorval. covered. In addition, merchandise to the value of \$43,250.00, stolen outside of Dorval, was located by members of the force.

Fire damages totalled \$105,707.00 as compared to \$69,150.00 in 1959. There were 74 calls answered with fire apparatus in 1960 versus 67 calls in 1959. Salaries paid to volunteer firemen amounted to \$3288.00 as opposed to \$1929.00 the previous year.

WINTER WORKS REBATE

A report prepared by the City Manager concerning municipal projects completed under the Federal and Provincial Government Winter Works program indicates a rebate of \$116,564.08 to the City of Dorval. However, final collection of this amount may not be realized until 1962.

BUILDING PERMITS

The building inspector's report for the year 1960 reveals a total of 242 permits approved, representing \$5,232,794 worth of instruction. This total is broken down as follows: houses, \$717,125; apartments, \$2,850,000; alterations and extensions, \$242,730; carports and garages, \$64,720; commercial, \$295,000; industrial, \$354,000; municipal buildings, \$47,000; airport, \$275,000; swimming pools, \$118,294; and miscellaneous, \$268,295.

Estimated revenue from building permits totalled \$11,860,000.

In 1959 building permits authorized construction amounting to \$16,577,735. Of this figure \$9,455,000 covered T.C.A. build-

LAKESHORE FORUM

Cont'd from Page 2

is a broad generality that gives little hope of progress. We may state the problem more specifically by saying that our inability to get together on the world's most important subject is due to difficulty in communication.

Not the mechanical aspects of communication. There are relatively few problems which we cannot quickly master with contrivances like newspapers and radios, telephones, and telegraphic, which are used to carry words or sounds from place to place. No, the problem lies in the choice of words and sounds to be transmitted, the context in which they are used, and the way they are interpreted at the other end.

Seldom do the ideas come out the same as they went in. This is the basic problem with communication, and thus it is at the root of all our problems.

Why do ideas get so changed in transit? Why is it impossible to convince some people they were not misquoted until they hear the recording of what they said? Why will 12 different listeners give 12 different versions of a speaker's remarks?

Answers to these, and to many other questions that arise as these are answered, will be given at the next series at the Lakeshore Forum. Five speakers will tackle five entirely different aspects of communication and probe into the things involved in each. The experts, and the subjects which they will handle, are as follows:

Tues., January 17 - "Words, the Tools for the Job" - John Pringle;
Tues., January 31 - "Communication - About What" - Bruce Hunter;
Tues., February 14 - "The Printed Page" - Dr. A. Kirshner; Tues., February 28 - "The Past and the Future" - M.W. Thistle; Tues., March 14 - "The Physiology of Communication" - Dr. B.D. Burns;
Further information on subjects and speakers will be given week by week. Each program will start at 8:30 sharp, in the Unitarian Church Hall at 19 Cedar Avenue, Pointe Claire.
