

KOHR'S QUARTER HORSE BARREL FUTURITY

Cam-Plex – May 26, 2017 – Gillette, WY

Futurity Champion

CAMI BAUER & CASH MONEY COLOURS

The ground at the Kohr QH Futurity was great and the Kohr family and crew always produce a top notch event. 'Techi' is effortlessly fast, so I usually just concentrate on keeping collection and forward momentum with her and letting her speed stop the clock. I focus on keeping her quiet and soft in the holding pen before I let her roll into the first barrel. She had a really nice, fast first barrel during our run so after that I made sure to get her all the way up into her second barrel. I kind of weakened on the third and she stepped off of it a little so we lost some time there but she is definitely a horse that can clock with mistakes.

CASH MONEY COLOURS

Cash Money Colours ("Techi") is by Technicolours (Frenchmans Guy x Hot Colours) and out of the mare Kelly's Approved (Second Down Kelly x Streakin Six). She was bred by the owners of Technicolours, Dale and Tina Kolb of Sallisaw, OK.

Her owner, John Koltiska, had contacted me about finding a prospect. The first few I had looked at for him didn't pan out. I was in Buckeye, AZ for the winter futurities and talked to Jordon Briggs about what she might have for sale or know of and she told me about 'Techi'. I was familiar with Jordon and Justin's program and knew they would have a good foundation on her so we made the decision to buy her sight unseen. After John purchased her, she came straight to me in February of 2016. Justin had roped on her and she had the great foundation training I expected, so when I got her I worked on her for a few months and then started hauling and exhibiting her. She was a little rough at first but it just took some patience to let her grow into herself, smooth things out on the barrels, and gain confidence. Her first futurity was the Classic Equine in Buckeye, AZ in January 2017 where she placed 7th in the first round, running a 17.4 on a standard pattern. From there, she went on to win the first round of the Greg Olson Futurity with a 17.0, running the fastest time of the futurity. In February, she won the average of the Xtreme Futurity in Fort Mohave, AZ with a 17.2, 16.9, and 17.3 on a standard pattern.

Techi runs in a short shanked Sherry Cervi bit with twisted wire dogbone mouthpiece. I ride Robbie Phillips and Shiloh saddles. Additional therapies include Back On Track, EquiVibe, Simply Equine supplements, and body work by Terri Kissack. She also swam at Famous Equine in December before the futurities started which really helped her start the year off strong.

I've really just tried to pay attention to how she's feeling and listen to her if and when she feels like she needs a break or something different to keep her enjoying her job. She's been a thrill to train and bring along and has a really neat personality.

I definitely think confidence in yourself and your horse is one of the most important aspects of training and competition. You and your horse have to feel good to do good, so I try to always keep that in mind and strive for confidence and a good foundation of training and health in my horses.

After the Kohr QH Futurity we are going to the Red Desert Classic and then will have a little break between then and the 5-State and Dash N Dance Futurities. We will go to a few local races and she will probably go swim at Famous Equine again to prep for the rest of the fall northern futurities. Our goal is to always do what's best for Techi while showcasing her talent.

I have to give a special thanks to my great friend Becca Gilley for helping me with warm up the day of the Kohr QH Futurity. A huge thank you to Koltiskas for trusting me from the very beginning and for being such great owners to ride for.
