

## CHRISTIAN CRUSADE FOR TRUTH

### Intelligence Newsletter

*"And ye shall know the truth, and the truth shall make you free." John 8:32.*

**March - April, 1995**

### Who Are We?

Many people have written to ask who we are and to inquire about our organization. It is only proper that we reply.

The *Christian Crusade for Truth* is not a church in the conventional sense but is a part of a much greater movement, which is non-denominational in nature. We consider all of you on our mail list to be a part of our congregation! Nearly all of us recognize that America has strayed from the Christian customs, morals and mores that once made our nation great and respected. Most understand and accept our identity as the genuine Israel of the Bible. This is just as did our Celto-Saxon ancestors who founded this nation.

Our people hunger for the reasons why our nation has strayed and they want to do their part in returning it to righteousness. Thus, this newsletter is dedicated to teaching the history of our forefathers from Europe and America to show those reasons. We do not write with emotionalism but rather with reason. Whatever our people do to turn our nation in another direction (which is the meaning of repentance), we want it to be with reason and forethought, not with the obvious dangers attendant with emotionalism.

Now about the organization called *Christian Crusade for Truth*. It is not an extensive organization with a complex staff. It consists of my wife of 52 years and me! We are both in our early 70's.

We were both born and raised as Methodists but left in our early married life because the church separated the Word of God from the way our nation was to be operated. We then bounced from church to church in our attempt to find a church that was willing to tell the great truths of the Bible and apply that knowledge to the real world about us. But, obviously, it was to no avail.

**Sheldon Emry**

We finally learned of the Kingdom Covenant message in the late 1970's and began a deep and extensive study of its precepts. In 1983, this writer was ordained, along with another minister, at a large summer church camp. The widely known and highly respected Pastor Sheldon Emry conducted the beautiful service. Other men who had studied at theological seminaries of other churches and had converted to the Kingdom Covenant message assisted.

This ministry is twofold in nature. The newsletter comprises a major part of our effort. It requires extensive reading and study to obtain the information, which is presented. To that end we are blessed with a comprehensive personal library comprised primarily of historical (church, theological and secular) books. Also, are asked to speak at conferences, camps and political gatherings. Many of

these messages are taped and are available. We update the list of tapes yearly.

The newsletter is now distributed worldwide! We prepare the newsletter "camera ready" at our office and then have it printed elsewhere. It then goes to a mailer who uses the labels we provide where the newsletter is folded, stuffed, labeled and mailed.

My precious, loving and understanding wife of 52 years, who is my total staff, edits the newsletter. She is a retired schoolteacher with training in Education, English and Mathematics. Considering that she always receives the newsletter for editing at the last possible minute, she does an outstanding job! You should see her with her red editing pen stuck in her hair in perfect schoolteacher fashion!

Here is my background. I was born in the "roaring 20's" and grew up in the Great Depression. I joined the Army right after Pearl Harbor and entered the fray in the Artillery on Utah Beach in the Normandy Invasion, serving under Gen. George Patton. I wanted to be a part of "the war to end all wars." (sic)

I studied Engineering after the war and then went to work at White Sands Missile Range in New Mexico. As my career progressed I became the national project manager for engineering test for the Nike Ajax and Nike Hercules Weapon Systems and for the early stages of the Patriot Weapon System. It was during these nearly 30 years that immense lessons were learned regarding the world's political affairs. The Department of Defense, at least at that time, saw things differently than Congress and the rest of the Executive Branch did. We can only pray that there is still enough of that understanding by the military today.

I thank God for the information gained during those years because it allowed me to realize that God's Word is a story of the people of the Christian Bible who are surrounded by His enemies. We can actually see the Anti-christs wearing three piece suits doing everything they possibly can to destroy our people from off the face of the earth. It is the conglomerate of movies, TV, radio, news media, and those who currently control government where the three piece suits are worn. It is so sad that the modern day so-called Judeo-Christian Church is a part, knowingly and unknowingly, of that conglomerate. That, thanks be to God, is the reason that we as a younger married couple left the organized churches.

Again, the *Christian Crusade for Truth* is not a big, well-heeled church. It is only my wife and me, doing our little part in the rapidly growing movement of Christians who think the same way. We thank you for wanting to be a part of it. If you no longer wish to receive this newsletter please let us know. We will understand.

## **Lesson In History. The War Of Money.**

Paul said in [I Tim 6:10](#), "*The love of money is the root of all evil.*" It is not the money itself that is evil but only the obsession with owning more and more of it. Paul also said, "*For we brought nothing into this world, and it is certain we can carry nothing out.*" ([I Tim 6:7](#))

Of course Paul made that statement in reference to us as individuals. But we all are aware of dynasties that accumulated huge sums of money, passing it on to succeeding generations within the family. We must remember, the family members of these dynasties undoubtedly have read the words of Paul when he said, "*But they that will be rich fall into temptation and a snare, and into many foolish and hurtful lusts, which drown men in destruction and perdition*" ([I Tim 6:9](#)).

These men don't care. They are willing to accept this warning of Paul just as long as that wealth can continue to grow in order to create power. Money is power and those who have the most money have the most power, earthly that is. Suppose now, that two dynasties of the same people have accumulated between them all of the central banks of the world with their power to create money. Then suppose that these two dynasties are in a death struggle as to which one will own and control the whole world. This is money and power to the extreme, isn't it?

It appears to this writer, after years of study of this phenomenon, that this is the struggle now going on in the world. Which one of the two dynasties will own, and thus control, all of the people of the world?

It also appears to be possible, if not probable, that the struggle is only a sham. Could it be that there is no struggle between the two dynasties? Maybe it is the planned Hegelian Dialectics with the thesis being one dynasty in conflict with the other dynasty as the antithesis. The synthesis, or result, will be both dynasties ruling the earth together!

This Lesson In History is a study of the history of these two dynasties in their quest to destroy Christianity, which has established the world's standard for civilization, customs, morals, mores and law. Christianity as an organization has been far from perfect but God has blessed it nevertheless because it gave most of the precepts of the Bible to the world to be used as a standard. The history of the early years of the Christian movement reveals the conflict between family values, good morals and good rules of law with the pre-Christian system of a total disregard for the sanctity of life. That conflict raged even within Christianity and it wasn't until the 19th century that nearly the whole world accepted the Western Christian Civilization as the better way of life. *"And many people shall go and say, Come ye, and let us go up to the mountain of the Lord, to the house of the God of Jacob; and he will teach us of his ways, and we will walk in his paths: for out of Zion shall go forth the law, and the word of the Lord from Jerusalem."* ([Isaiah 2:3](#)). But, by the 19th century those who wanted to own the world were already hard at work.

We have shown in past Lessons In History how the Bank of England was formed and how the entire concept became well established with the invasion of England by William the Conqueror in 1066. He brought the Jewish moneylenders from Roen, France with him and William and his friends established not only the system of government and taxes in England but the establishment of the one-square-mile "City" within London which became the world's financial and commercial center. It was here that the Universal Commercial Code (UCC), Admiralty Law and the International legal and financial exchange system were established.

Our Lessons In History have shown that the "City" was not established without adversity. The people of England fought hard to save their Celto-Saxon system of government and commerce. The [Magna Carta](#) was forced on the Norman King John in 1215 as a result. Matters didn't change much with the [Magna Carta](#) and the English people forced Edward I to expel the Jewish moneylenders in 1290. It was reasoned that since they were the advisors to the king then they had to be the root cause of the troubles. All of Europe then followed the lead of England. But that didn't work either. They returned, first as a trickle and then in large numbers.

Oliver Cromwell made the agreement with the Jewish moneylenders through Rabbi Manasseh ben Israel of Holland to allow the Jews to return to England in return for money. Many of the Jews expelled from England in 1290 had moved to Holland. Cromwell needed the money to pursue his wars with Ireland and Scotland. Because of the enormous debts incurred to the Jews by Cromwell, England was forced to accept the Bank of England in

1692. The bank was established with the agreement that ownership remain secret, fractional banking allowed (loan ten pounds for every one pound in reserve), and direct taxation of English citizens to repay the national debt.

Past Lessons In History also showed that the United States was forced to use the Bank of England system of creating money out of nothing with the [Federal Reserve System](#) established on Dec. 23, 1913 while Congress was out for Christmas break. A handful of Congressmen was present and the law was passed without the consent of the people. Of course, all of the Crown Colonies of England (The British Empire) have used the Bank of England system throughout the years.

Thus, a major portion of Western civilization (Britain, Canada, Australia and New Zealand along with many smaller colonies and the United States) have been using the Bank of England system of money and banking. This represents one of the two dynasties that is in conflict. We will call it the thesis of the dialectics. That banking system has been under the control, directly or indirectly, of the same people ever since Oliver Cromwell made the agreement with Mannaseh ben Israel. It is also the Sephardic branch of Jewry. Keep that in mind as we continue.

We must recognize that this branch of world Jewry coexisted with Christianity without great difficulties. Christianity grew and prospered and the Sephardics did not, or could not, establish non-Christian values in our lifestyle. Such books as *The Zionist Connection* by Alfred M. Lilienthal and *The Controversy of Zion* by Douglas Reed reflect this knowledge. As we shall see, there is much more to world Jewry than the Sephardics and the Western nation's civilization and money system. It would be most beneficial if the modern day so-called Judeo-Christian churches understood this and started to study and discuss this phenomena.

In past issues of the Intelligence Newsletter we have touched upon a second money lending system having been established by an entirely different branch of world Jewry. It is the Ashkenazi of Eastern Europe. We can study the origin of these people by reading *The Thirteenth Tribe* by Arthur Koestler.

[Arthur Koestler](#) has shown that these people are of Turkish- Mongolian origin and are not descendents of Shem. Furthur, according to many writers including Jews, the vast majority are atheistic but declare themselves to be a part of greater Jewry because of the benefits derived. While in Khazaria, on the Steppes of Russia, they extracted tolls from the merchant caravans of the Eastern trade routes. They were a very warring people without much feeling nor the sanctity of life. The Scandinavian founders of Russia finally conquered them but there has been a conflict between them ever since.

Because of that ever-present conflict, many of the Ashkenazi moved into Eastern Europe and as history shows, created extreme difficulties for Christian Europe. It is from this Ashkenazi group from the Steppes of Russia that the second money lending power originated.

Some of the Ashkenazi moved further East and South into India. Again, placing themselves into positions of collecting tolls and taxes, being the advisors to governments, along with the ancient art of lending money at interest (usury), they soon became the wealthy class of the nation. It is well known that India and the nations surrounding it possess some of the wealthiest families in the world. It was the Sassoon family of India who are of the Ashkenazi clan who worked with the British East Indies Co. during the colonialization of India. The people of India were forced to produce opium and ship it to China, another country where many Ashkenazi established themselves. The "Chinese Opium War" created enormous wealth for these families.

It was Amshel Meyer Rothschild who made the first penetration into the Western banking system. Because the Rothschild family was accepted into the Western banking system, partly because of need and partly because they were "brothers," many students of this phenomenon do not see the great conflict that has arisen between the two dynasties. Whether it real or the dialectics at work remains to be seen.

So far we have given a short review of information already presented in past issues. This was done to prepare for "the rest of the story."

We will now show how all of the Masonic organizations fit into this. We have many times shown that Freemasonry has been the battleaxe, since its inception, of revolutions and wars leading up to the present time. Generally, the same students who do not see the conflict between the two Jewish money lending dynasties believe that the entire conflict is between the two major branches, or rites, of the Masonic Orders. This may in great part be because they do not want to offend either the Jewish people or the Judeo-Christian churches. All of Christianity must come to the understanding that the conflict also exists between the two branches of the Jews and it appears to be extremely volatile. Jack Bernstein, himself an Ashkenazi, wrote the book *The Life of an American Jew in Racist Marxist Israel* in which he describes the conflict between the Sephardic and the Ashkenazi. The concept of that little country called Israel and the term Zionism is at the root of the conflict. We will attempt to put this all in proper context in this issue.

[The Masonic Order](#) is an extension of the Jewish faith and people. Albert Mackey in his *Encyclopedia of Freemasonry* states this, "Each Lodge is and must be a symbol of the Jewish Temple; each Master in the chair representing the Jewish King; and every Freemason a personation of the Jewish Workman." There is an axiom that states, "Things equal to the same thing are equal to each other." It follows that if there is a conflict between the two dynasties of Jewry then there could be a conflict between two rites or groups within the Freemasonry movement. Such is the case.

There are two major groups within the world-wide Freemasonry movement. Within these two major groups are many secondary organizations, degrees and rites. They seemingly overlap each other in that the system of degrees within each lodge is similar and sometimes identical. This fact has caused confusion to those of us who are not initiates. Nevertheless, there are two major groups and they are in a death struggle with each-other. However, both groups originated in England, which complicates the entire picture. Further, the aims and beliefs of each of these two groups are well defined in today's political arena.

One major group is named English Freemasonry and the other French Freemasonry. That sounds simple but to confound it they both sprang from a somewhat legendary group, which many say possesses occult powers. That group is the Order of Sion. The Order of Sion was founded in 1099 by a man named Godfroi, a descendent of the Merovingian Kings. The word Sion is the French word for Zion. What follows could seem farfetched to many and even blasphemous to some but it must be told because Freemasonry is wrapped up in it and the organization plays a major part in the quest for world government and control.

According to Michael Baigent, Richard Leigh, and Henry Lincoln, the authors of the book *Holy Blood, Holy Grail, the Order of Sion* is a super secret group, with occult leanings, which came about as an organization to protect the bloodlines of the Merovingian Kings, the first of which was a man named Merovee who was King of the Franks from 447 A.D. to 458 A.D. This geneology you can read in any good history book of Europe. Merovee's son was Childeric I who was King (458-481 A.D.) Childeric's son was Clovis I whom we have

reported in past lessons as the King who converted to Christianity in 496 A.D. and welded together many of the then heathen nations of Europe into Christianity.

According to the documents of the Order of Sion, and in particular one document called the "Dossiers secrets," the Merovingian Kings came to that area of France and Germany along the Rhine River from the land of Israel prior to the advent of Christ. They are reputed to be of the tribe of Benjamin who departed Israel after the incidents written in the book of Judges. We will review those incidents to better understand the legend of the Order of Sion.

A Levite and his concubine were traveling through the territory of the tribe of Benjamin. One night a group of men who were followers of Belial, also known as Ishtar or Astarte, assaulted and raped the Levite's concubine. She died and the men of Belial cut her into pieces and distributed her body parts. The Levite went to the men of Israel and asked for advice. The men of Israel went to their brothers, the Benjaminites, and asked for the men of Belial to be handed over to them. The men of Benjamin refused and a war broke out between the tribe of Benjamin and the rest of Israel. The men of Benjamin were totally destroyed and the men of Israel were repentant for what they had done. The following passages from the book of Judges are included in the "Dossiers secrets" of the Order of Sion:

*"Now the men of Israel had sworn in Mizpeh, saying, There shall not any of us give his daughter unto Benjamin to wife. And the people came to the house of God, and abode there still even before God, and lifted up their voices, and wept sore; And said, O Lord God of Israel, why is this come to pass in Israel, that there should be today one tribe lacking in Israel..."*

*"And the children of Israel repented them for Benjamin their brother, and said, There is one tribe cut off from Israel this day. How shall we do for wives for them that remain, seeing we have sworn by the Lord that we will not give them of our daughters to wives?..."*

*"And the people repented them for Benjamin, because that the Lord had made a breach in the tribes of Israel. Then the elders of the congregation said, How shall we do for wives for them that remain, seeing the women are destroyed out of Benjamin? And they said, There must be an inheritance for them that be escaped out of Benjamin, that a tribe be not destroyed out of Israel. Howbeit we may not give them wives of our daughters; for the children of Israel have sworn, saying, Cursed be he that giveth a wife to Benjamin." ([Judges selected verses chapter 21:1- 18](#)).*

The elders solved the problem by allowing men of Israel to take wives from the area of Shiloh, which remained neutral in the conflict with Benjamin. Thus Benjamin continued as a tribe. The descendants of this reborn tribe of Benjamin are claimed in the "Dossier secrets" to be the bloodline of the Merovingians.

That bloodline exists to this day and is a part of several of the families of nobility in Europe. The authors of *Holy Blood, Holy Grail* are investigative reporters by training. Their research shows that the houses of the Hapsburg and Lorraine of Europe are the present dukes of Lorraine and titular "King of Jerusalem." That is the title the Order of Sion gives the presiding king. According to these authors the documents of the order report that a secret Merovingian King of Jerusalem continually exists from one of the thrones in Europe and that the other houses of nobility in Europe acknowledge this and they respect and fear it.

Throughout the years the Order of Sion has selected what they call Grand Masters to not only protect the identity of the king but to perpetuate the order. Some of these men through the years have become famous in history for other works that they may have done.

Some of the famous men who were Grand Masters were Victor Hugo, Sir Isaac Newton and Leonardo Da Vinci. As late as 1982, the Grand Master of the order was Pierre Plantard whose family name also goes back into the history of the Merovinginians.

This short review of the Order of Sion was given to impress upon the readers the importance of the order in understanding this phenomena of the battle of money and power and that the Masonic orders are a part of it. We have often stated, "The Masonic Order is the battleaxe of revolutions." This lesson will continue to show just how true that statement is.

**The separation of the two orders of Freemasonry.** In 1090 A.D. the Order of Sion was formed. In 1118 A.D. the Order of Sion backed and helped form the Knights Templar, one of the major orders of the Masonic Order. One of their duties was to protect the Merovinginian bloodline. Initially there were only nine knights and they took up residence above the ruins of Solomon's Temple in Jerusalem. We know this today as the Temple Mount. The men were called *milice du Christ*, or soldiers of Christ.

Again, of necessity, we will give only a cursory review of what happened at that time but is still important for our understanding to this day. It is well documented that these nine men are alleged to have dug into Solomon's Temple, directly underneath their fortified abbey. It is alleged that they found the wealth of Solomon and removed it to Southern France at a place called Rennes-le-Chateau! The Knights Templar at this time in history are known to have become immensely wealthy.

As a matter of interest and a part of the overall history we can perhaps give some clue as to where Solomon's gold came from. In [I Kings 9](#), starting in verse 26 we read this: "*And king Solomon made a navy of ships in Eziongeber, which is beside Eloth, on the shore of the Red sea, in the land of Edom. And Hiram sent in the navy his servants, shipmen that had knowledge of the sea, with the servants of Solomon. And they came to Ophir, and fetched from thence gold, four hundred and twenty talents, and brought it to king Solomon.*" In [I Chron 29:4](#) we read this, "*Even three thousand talents of gold, of the gold of Ophir, and seven thousand talents of refined silver, to overlay the walls of the houses withal.*" In past Lessons in History we have shown that the ships of Tarshish traveled the seas to obtain gold and precious stones. Solomon used these ships to retrieve his wealth. We showed in those lessons that these ships came to America and obtained at least some of that wealth here.

We now have a document that describes the work of the explorer Gene Savoy and his expeditions to a place called Gran Vilaya located in Peru. It was the largest fortified city in the Western Hemisphere and it was inhabited by a people who were blond, blue eyed, tall and white. Some of the descendents of these people can still be found in the jungles of Peru!

One of his more important finds to show that Israelites, not Jews, were here is an inscription, which he says is large, imposing and written in a manner similar to ancient Hebrew. Remember, ancient Hebrew looks nothing like modern Yiddish. That inscription has been translated to read, "The Gold of Ophir!" Could Gran Vilaya be one of the "Seven Cities of Cibola" that we discussed in a past history lesson? We then reported on a city named Rhoda, which was near present Tucson, Arizona, an area that was once immensely wealthy in gold and silver.

The gold in Solomon's Temple is stated in [I Kings 10:14](#), "*Now the weight of gold that came to Solomon in one year was six hundred three score and six talents of gold.*" This happened year after year and Solomon reigned 40 years. That is a lot of gold!

Back to the Masons! The Knights Templar came into disfavor with the Order of Sion. The reconstructed records of this history by the Masons, and others, reveals that the Order of Sion absconded with the gold and relocated it in England! These same documents also allege that the Order of Sion was responsible for and a part of the destruction of the Knights Templar by King Philip of France. With the help of the Order, all of the Knights Templar were siezed and inprisoned on Friday, Oct. 13, 1307.

This act caused the split between what is now known as the Grand Orient, or Knights Templar, and English Freemasonry which includes Rosicrucianism.

These two orders of Freemasonry can be seen in the two major political thoughts of today, Right Wing and Left Wing. We will show this separation for our learning and understanding.

English Freemasonry champions the affluent, right wing, tends to be Deistic, New World Order buffs and represents:

1. Kings, Lords, Counts and Barons;
2. Financiers, Land Barons and Professionals;
3. International Corporations, International banking and Drug Financiers;
4. Constitutional Monarchy, Corporate Socialism. English Freemasonry is most powerful in Great Britain, the Eastern Establishment in the U.S., Canada, Australia, Hong Kong, other Oriental countries and, up to now, South Africa.

The Grand Orient or Knights Templar is the champion of the poor, left wing, tends to be athiestic and represents:

1. Common Laborer, some Professionals, some Wealthy;
2. Labor Unions, Organized Crime, Drug Cartels;
3. Democratic, Socialistic, Communistic. The Grand Orient is strongest on the Continent of Europe, Southern and Western U.S., Russia, Pacific Islands, Philippines, Mexico and South America, Africa, and now they have won South Africa.

There seems to be a contradiction with this breakout in that the English Freemasonry supports the Drug Financiers and the Grand Orient support the Drug Cartels. This is not a contradiction because they consider themselves "brothers" with respect to their final goal. This is but one reason why it is entirely probable that the conflict is dialectic for the total control of the world between the two dynasties, Sephardic and Ashkenazi along with their artificial Jews and lackeys, the Masons. We have reported in past lessons of the Eastern Establishment being directly involved with the Chinese opium trade of the last century and likewise involved, through the CIA, with the current drug trade including the involvement of the Mena, AR airport during Clinton's governorship. It is obvious that if they are the financiers, then they must support the Cartels or they wouldn't have them to finance!

As shown earlier, Oliver Cromwell agreed to allow the Sephardic Jews back into England in return for money to finance his wars. His petition for returning the Jews to England was approved in 1665. The great fire of London occurred in 1666. That fire destroyed the commercial center of London along with two- thirds of the city. The Westminster section and those in political power were not destroyed.

The return of the Jews was secured and one would think that everything was well with the arrangement. However, the Jews of England switched sides and backed the French Grand Orient with its Knights Templar. In pure double-agent style they also supported Elias Ashmole, a Rosicrucian and English Freemason, in turning against Oliver Cromwell and return the Stuarts to the throne. The end result was the depression, which led to the Bank of England. From the time of the funding of Cromwell, history shows that the Jews, both the Sephardic and the Ashkenazi, financed revolution after revolution. The world's Masonic movement, Grand Orient and English Freemasonry alike, were in the shadows acting in the capacity as the Jew's battleaxe. All through the years they have preached that they are vehemently against the Jews. If that is true then we must believe that the Masons are the most ignorant people on earth. We don't believe that!

The Rothschilds will have been of the Grand Orient. Adam Weishaupt was commissioned by the Rothschilds to develop the Illuminati. That will be of the grand Orient. Karl Marx was a 32nd degree Grand Orient Mason!

The Templars and the Grand Orient developed the concept of democracy and the modern Constitutional Republic. The Illuminatis were active in the American Colonies. Several of the founders of this nation were members of the Illuminati. Mackey's *Encyclopedia of Freemasonry* states that Benjamin Franklin was inducted into several French Grand Orient Lodges before and after our Revolution. He held the offices of Venerable and Worshipful Master of several lodges in the Grand Orient. But he must have been in some fashion a double agent because he was inducted into the Sionist Royal Society and initiated into Rosicrucianism and this made him a member of the English Freemasonry. Franklin, along with Thomas Jefferson, were followers of the Illuminati and their design of the Great Seal of the U.S. reflects this because it is the same as that of the Illuminati. George Washington was a member of the American Rite, a daughter of English Freemasonry, as was John Adams. Both of these men repudiated the Illuminati. We can readily see that our early leaders were also split between the two concepts of government. It would seem that only Patrick Henry saw through the conflict!

The United States system of a Constitutional Republic follows the doctrines of the Grand Orient yet many of our leaders through the years have been members of the English Freemasonry. We generally see it today as the Republican Party versus the Democratic Party and this dialectic will not allow any third party to enter simply because it, indeed, is a part of the grand dialectic of the two money systems, Zionist versus Non-Zionist, or Ashkenazi versus Sephardic Jewry. Again, we must remember that old adage, "Follow the money trail."

Whether the English Freemasonry and the Order of Sion actually possesses the gold hoards of Solomon is now a moot point. Certainly it could have helped finance the expansion of the British Empire and still could be the reserves with which the Bank of England and the financial center in "The City" operate. Or that expansion of wealth and power could have come from the growth of the system that Cromwell originated with his alliance with Manasseh ben Israel. It is thought that the French Templars and the Grand Orient have all these years been poor with no wealth. This apparently is not true. Money from some source has been available for all of the Grand Orient programs of world socialism and communism. Most important, they have also been the backers of Zionism as we will show.

Vladimir Lenin, born of a Jewish mother, was a member of the Grand Orient and an Ashkenazi. The Jewish banker Jacob Schiff was a Grand Orient Freemason. It was he who sent 30 million dollars with the Jew Trotsky to finance the Bolshevik Revolution. Trotsky became a member of the Grand Orient at the age of 19.

The Grand Orient generally was aligned with the Zionists with some exceptions. The Order of Sion is anti-Zionist! When Jacob Schiff, along with his partner Felix Warburg, sent the 30 million dollars to Russia for the revolution, they did it without being Zionists. They did it ostensibly for their brother Jews in Russia. This, again, presents the nagging question. Is there a dialectic being played out as to who rules the world?

The United States, as has been shown, has aligned with the Grand Orient. The United States Government knew about the 30 million dollars going to Russia with Trotsky. The British also knew it and the ship was stopped by a British warship off the coast of Canada. Trotsky and his revolutionaries were taken to Halifax and placed in the Amherst prison camp.

The 33rd degree Mason and Jew Col. Mandell House, along with Jacob Schiff, instructed President Woodrow Wilson to order the British to release the Grand Orient revolutionaries. Wilson forced the British, and indirectly the Order of Sion, to release them or the United States would not enter World War I on the side of England!

**The formation of the mideast state of Israel.** The final thrust of duplicity in this seemingly complex scheme for a new world order originated during the time of the [Balfour Declaration](#). In that unbiblical and un-Godly enterprise, we see all of the people and faiths of the world embroiled in a fight to the death. The world waits to know who will come out the winner. Will it be the concept of the backers of English Freemasonry and The Order of Sion through the United Nations? Will it be the concept of the Grand Orient and the Zionists? Will it be a synthesis or a blending of the two? We here at Christian Crusade for Truth believe that it will be none of the above. It will be God and His people who will win!

To review the players, we see the two major orders of Freemasonry, The French Grand Orient with its leanings towards Zionism and English Freemasonry with its anti-zionist position in apparent conflict with each other. The United States from its inception has officially leaned towards the beliefs of the Grand Orient and Constitutional Republicanism. This Order is pro- Zionist and soft on communism. Britain follows the English Freemasonry concept and Constitutional Monarchy. The Order is, at least secretly, anti-Zionist. It is pro-International Corporations and finance.

However, the United States is divided in its beliefs, just as it was in its early years after the American Revolution. The Eastern Establishment is pro-English and, at least secretly, anti-Zionist. Other portions of the United States and groups within the country are Zionist and pro-Socialist, if not Communist.

When the Ashkenazi Jews from Russia and Europe started their clamor under Theodore Hertzl and others for a Zionist nation, British and certain American intelligence operatives began to investigate that movement with a desire to destroy it before it became a reality. Britain was able to be more steadfast in its efforts whereas the United States was alternately active and then inactive depending on who was in Congress and who was President at the time.

Britain realized that their Commonwealth was in danger when the Zionists asserted themselves and had the money from world Jewry to accomplish it. The Grand Orient was finally in a position of strength and, if there ever was any truth in the Order of Sion and the theft of Soloman's wealth from their Templars, they were going to get it back. It was at this time that Britain showed its mastery at international intelligence and intrigue. They perfected the double-agent and even triple-agent theories. There is one other agency that is in the class of British Intelligence and that is the Mossad of Israel.

The book *The Secret War Against the Jews* by John Loftus and Mark Aarons attempts to show how British Military Intelligence, Branch 6 (MI6) ineptly used the services of Jack Philby, his son Kim Philby, Lawrence of Arabia and Allen Dulles of the U.S. Eastern Establishment in their attempt to destroy the Zionist state of Israel. The entire book is written from the perspective of the "poor Jews" and thus they miss the significance of what really transpired.

The book *The Secret War Against the Jews* shows the official position of the British Government in its attempts to secure a homeland for the Jews. That book, along with many others of the same type, reveals the efforts of men throughout history who have steadfastly worked to bring about the mini-state of Israel. These books make very little, if any, distinction between Zionist and non-Zionist Jews. All that everybody wanted was just a homeland for the Jews who have been "wanderers" throughout the world for the last 2000 years.

What these books do not generally reveal is the clandestine fighting between the pro-Zionist and the anti-Zionist factions. This reflects the conflict between English Freemasonry and the Grand Orient. It also reflects a major difference between the Ashkenazi and the Sephardic. Further, it reflects the conflict between the two financial powers.

Many books have been written attempting to show how the worldwide Freemasons in general are the total problem but none of them reveal the money powers behind it all. The book *The Unseen Hand* by Ralph Epperson is an excellent book written in this perspective. Another very well received book on the subject of secret societies is *Dark Majesty* by Texe Marrs. As well written as these books are, they reflect only the symptoms but not the causes. Another book goes a little further. It is the recently released *Scarlet and the Beast* by John Daniel. This is another excellent book that connects the Freemasonry movement with the information obtained in *Holy Blood, Holy Grail* as well as another book *The Spear of Destiny* (The spear of Longinus) by Trevor Ravenscroft. Legends reveal that the so-called spear of Gaius Cassius Longinus actually exists and it is said to be the spear that pierced the side of Jesus. That spear (real or fake) was confiscated by Hitler because of its legendary occult powers. After the war it was returned by Eisenhower to Austria and the Hapsburg (Merovingian) dynasty. It seems incredible but all of this is a major part of the turmoil now going on in the world!

The book *Scarlet and the Beast* reveals the details of the secret intelligence work in Britain with respect to the nation of Israel and the current so-called fall of Soviet Russia.

Kim Philby was the English spy who was reported to have defected to Russia because of his communist affiliations and leaking of information to the KGB. In reality, Kim Philby was a senior intelligence officer, along with his father Jack Philby. They were sent to the Mideast to de-stabilize the efforts of the Zionists who were trying to establish their homeland. They were assisted by Allen Dulles of the Eastern Establishment in the U.S.. Jack Philby was a English Freemason but Kim was not known to have joined the lodge. Kim became a student of Communism. He went to Vienna under the orders of the French Communist Party, which was headquartered in the Grand Orient Lodge in Paris. Keep in mind, he was a senior intelligence officer of MI6.

In the capacity of an agent for MI6, he then went to Spain in 1939 to observe the Communist revolution there. He conveniently aligned with the KGB and gave away minor secrets but nothing of importance. After WWII he was instructed by MI6 to act as a double agent with the instructions, "If an opportunity arises to convince the Russian intelligence service that you are willing to betray your own service and work for the other side, then you have permission to seize it."

Kim Philby was then sent to Washington and worked with the CIA and the FBI. At this station he learned more about what was needed to cause the fall of the U.S.S.R. This would indicate that his contacts in Washington and the government itself were controlled by the Eastern Establishment aligned with English Freemasonry.

He then returned to London and started to develop the credentials that would lead the KGB to believe he was a Soviet Double Agent. Mysteriously, two other British intelligence agents "defected" to Russia. They were British SIS agents Donald Maclean and Guy Burgess. This story reveals the intricacy of the craft of intelligence. The news media revealed that Kim Philby was suspected of helping them. That was a smoke screen. J. Edgar Hoover, head of the FBI and who was a 33rd degree Mason, then cleared Kim Philby of any involvement. This further set up the Russians.

Kim was then sent to the Middle East as a correspondent for the *London Observer*. You don't want to move too fast in the intelligence game. The real reason for this station was to debrief his father Jack Philby. In return Jack Philby thoroughly briefed Kim on all of his anti-Zionist contacts in the Mideast. Kim was now ready to defect. In 1963 he disappeared while on his way to Beirut. He then arrived in Moscow with the world stunned by his defection with Western Intelligence "assessing" the losses. Even that action was a ploy. Khrushchev fell from power almost immediately after the defection.

Philby was promoted to the rank of Colonel in the KGB in 1979. In 1980, the London news media revealed that Kim Philby was never an agent for the KGB while he worked for the MI6. All the while he was under direct control of Sir Anthony Blunt working for Britain's Royal Court. This is more intrigue because it means that Philby had been a triple-agent. Again, this type of intelligence was perfected by the British.

A series of mysterious deaths then occurred in the Soviet Union. Brezhnev died as well as Yuri Andropov and Konstantin Chernenko. It is believed that Andropov received Strontium 90, which was smeared on his telephone handset. Gorbachev came into power.

In 1984, just before he took office, Gorbachev visited the Masonic headquarters in both London and Paris. This means he was briefed by both the English Freemasonry and the Grand Orient, both the anti-Zionist and the pro-Zionist headquarters.

The anti-Zionist faction of Freemasonry appears to have won this battle, but not necessarily the war. The Soviet Union is dead, theoretically. Gorbachev is now in the Presidio at San Francisco as the director of the operation to peacefully merge the world's military into one United Nations Army, which is the baby of English Freemasonry and the Eastern Establishment.

The world is in more turmoil now than ever. Ethnic Nationalism is the paramount thought in today's politics. Who will win? God will win! *"And they went up on the breadth of the earth, and compassed the camp of the saint about, and the beloved city:..."* ([Rev 20-9](#))

We are seeing Mystery Babylon in action. Babel means confusion. The intrigue of those who would crucify Jesus Christ again and destroy Christianity is truly astounding but equally confusing. Remember, God is in charge. *"Shall a trumpet be blown in the city, and the people not be afraid? shall there be evil in a city, and the Lord hath not done it?"* ([Amos 3:6](#))
