ANNOUNCING....

BoothsForRentGazette.com

Nationwide Newspaper Delivery & Internet Publication....Finally!

The Booths For Rent Gazette (BFRG) is venturing into new territory! This California-based, salon and community newspaper is finally branching out to provide its services nationwide! We are looking forward to opening our doors to advertisers and customers alike who seek to broaden their spectrums!

The BFRG started circulation in January 2007, and has been paving its way through the beauty industry and communities all over Southern California, city by city. Now the time has come to "spread the word" to others who desire our services. We've finally made our way to cyber space via the internet, and there are endless possibilities!

With online services, new and better methods are being implemented to make advertising easier, and finding what you need a cinch! We are continuing to make newspaper deliveries to various salons/shops, businesses, and residents, but now customers will also be able to view the newspaper online for different cities and communities. This is great for those

who have yet to receive the newspaper in their area. The main changes and additions are:

- new nationwide coverage
- ordering or placing ads online
- FREE non-profit org advertising
- the launch of the marketing tool **SomethingYouCreated.com**, and many more opportunities!!

We're making ourselves available to provide advertising services to fit a variety of needs!

NON-PROFIT ORGANIZATION NEWS

Tuition Assistance for Student Athletes Nationwide!

The non-profit organization, **Gifted Too, Incorporated (GTI)**, has recently launched its debut website, www.MartialArtsScholarships.org, and the word is getting around! **GTI** offers tuition assistance and various programs that provide physical fitness, academic enhancement, and nutrition education services to youth involved in all types of martial arts, amateur boxing, wrestling, and similar sports.

Originally started in Southern California in 2009, **GTI** and its main subsidiary, the **Fundamentals of Martial Arts Scholarship Program (FMASP)** are currently recruiting students nationwide to receive scholarships and financial assistance. **GTI** programs are free of charge to students who can show financial hardships or low income in their homes. Students are chosen because of financial need. Academic success is not a pre-requisite. However, students are required to bring their grades up (if below average), and maintain at least a "C" average or higher while participating in **GTI** scholarship programs.

For more information about our programs and how you can receive **GTI** student financial assistance in your city or community, or to find out how you can help, please visit our website or call (323) 617-5433. You may also email inquiries to: info@giftedtooinc.org

Help dedicated students across America to stay fit, excel academically, learn more about nutrition, and improve their everyday lives through martial arts (all types), amateur boxing, and other sports. Volunteer or donate to GTI programs at www.MartialArtsScholarships.org or call (323) 617-5433 today!

Words from the Children

of the Fundamentals of Martial Arts Scholarship Program

"Why I Would Like A Martial Arts Scholarship"

I like karate. I miss going to karate. My mom and dad did not have more money to pay for my class. Can you help so I can take karate again.

Nathaniel P., age 8

"Why I Would Like A Martial Arts Scholarship"

I love Tae Kwon Do. I like to try my best to get more belts and trophies. Breaking boards is fun. I like to meet new friends too. It helps me because I used to be shy and now I am not afraid to go in front of class. I hope to go to classes again soon.

Joseph O., age 8

"Why I Would Like A Martial Arts Scholarship"

So I can feel right and not feel scared. I think it is a very important sport.

Ashley V., age 9

"Why I Would Like A Martial Arts Scholarship"

Martial arts is a good way to build up your self-esteem. You become a different person mentally and physically. I would learn how to not only respect people but myself. It would be interesting to see people come together and be joined together in one sport like martial art. I would push myself to the limit and not give up when something gets hard to do. I believe that I will and am going to become a better person. This will prepare me for anything that will come my way and would seem like a block on the path. That is why I would like to get a scholarship.

Jocelyn J., age 17

"Why I Would Like A Martial Arts Scholarship"

I want to be a good karate player so if one day some people want to hit me I could defend myself with some tricks. and because I like it so much.

Alexander J., age 9

"Why I Would Like A Martial Arts Scholarship"

I would like to be in Martial Arts because I would like to learn obedience and how to defend myself. I would like this scholarship so I don't have to be a burden with money to my mother. I would like to learn patience so I don't get annoyed with my sister all the time. It would be a great opportunity to learn this type of art. So far I really do like what these kids learn. I know it's going to be tough, but I'm willing to learn.

Nicole M., age 15

"Why I Would Like A Martial Arts Scholarship"

The reason why I want a martial art scholarship because I like taekwondo. I will also like to lose some weight and interact with kids my age. Joining in taekwondo will help me distract myself rather than sitting at home watching tv and playing video games. If I get a chance to join again I will put 100% of my effort.

Damian R., age 12

"Why I Would Like A Martial Arts Scholarship"

I would like a martial arts scholarship because I am a hard worker, and need some place where I can get away from work. Also I would like to learn a way to defend myself. My friends also tell me I am very strong but I don't think so and I would like to get stronger. I think it will also be a great way for me to be disciplined and more responsible. It will also help me lose weight and keep it off. This is why I would like a martial arts scholarship.

Viviana J., age 13

"Why I Would Like A Martial Arts Scholarship"

A Martial Arts Scholarship will help my father pay for my Tae Kwon Do classes. Tae Kwon Do is a good way to be active. Years before, I was enrolled in a Tae Kwon Do program but I was removed because it was not affordable.

Abraham E., age 11

"Why I Would Like A Martial Arts Scholarship"

I would like a martial arts scholarship. One reason is because we don't have enough money and can't pay. Another reason is because my dad is not getting paid enough. The last reason is because my mom is having a baby and can't work. As you can see that is why I would like a Martial Arts Scholarship.

Oscar D., age 12

"Why I Would Like A Martial Arts Scholarship"

I would like a Martial Arts Scholarship because I want to learn Martial Arts and this moment my parents can't pay my classes.

Daniel D., age 7

"Why I Would Like A Martial Arts Scholarship"

I want to feel positive. When I grow up I want to face my fears. I don't want girls picking on me anymore. TAE-KWON DO because it sounds fun. Why I would like a Martial Arts scholarship because my parents don't have enough money. And I really want to be in it.

Kristy G., age 9

"Why I Would Like A Martial Arts Scholarship"

I would like a Martial Arts Scholarship because I enjoy doing Martial Arts. I am a committed, hard working student that is eager to learn new things. Please consider me for your scholarship program.

Kristian B., age 9

"Why I Would Like A Martial Arts Scholarship"

I would like this scholarship because I think Martial Arts is great and I want to be healthy. I even want to learn more to protect myself, and I want to teach Martial Arts when I grow up and I like to exercise.

Aeelin B., age 10

"Why I Would Like A Martial Arts Scholarship"

I like to do Tae Kwon Do. I want to fight bad people. I like Jackie Chan.

Aroo L., age 7

More Need Calls for More Help

Because so many students are in need of the services that the **Fundamentals of Martial Arts Scholarship Program** and other non-profit organizations provide, there are ongoing requests for individuals and establishments to help. Across this nation, youth programs have been drastically cut because of the economic crisis we all face. But there is a way to hold things together. Those who can help have the power to change things. If you or your establishment are able to give financial support, the FMA SP is asking you to contribute what you can. Every gift, large or small will help to shape a young person's life for an outstanding future.

Help to change a child's life with your donation today!

Give your tax-deductible donation at www.MartialArtsScholarships.org

or mail (payable to FMA SP) to: FMA SP, 5482 Wilshire Blvd., #237, Los Angeles, CA 90036

The FMA SP is a subsidiary of Gifted Too, Inc., a 501(c)(3) non-profit organization. Gifts and donations are tax-deductible.
