Quotes:

“She always approached every situation with a positive attitude, putting other peoples wants and feelings ahead of her own. If I needed to put someone in charge of something really important, so that I could be sure that the task would be completed with excellence, the applicant for this scholarship is the first person I would contact.” **Nathan Lorenzini** - Young Life Area Director

“Thank you for providing me with the resources that made Pepperdine possible! Being apart of Pepperdine’s study abroad program allowed me to be able to be apart of so many incredible experiences I didn’t even know were possible. None of this would have been possible without being an Anchor scholarship recipient.” **Kayla**
