*'70 Weeks have been decreed for Your People and your Holy City, to finish the transgression, to make an end of sin, to make atonement for iniquity, to bring in everlasting righteousness, to seal up vision and prophecy and to anoint the most Holy Place. So you are to know and discern that from the issuing of a Decree to restore and rebuild Jerusalem until Messiah the Prince there will be 7 weeks and 62 weeks; it will be built again, with plaza and moat, even in times of distress.'*  
—Daniel 9:24-25 with emphases

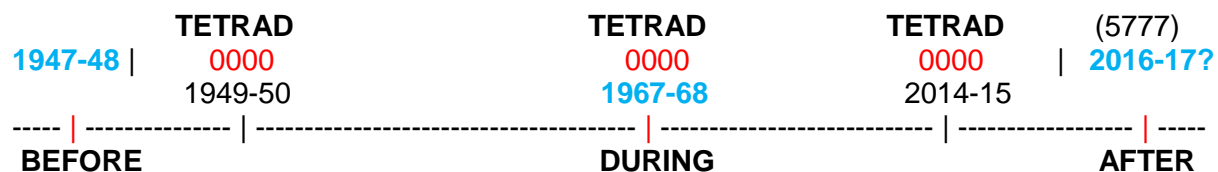

Many skeptics scoffed at the notion that 'nothing' seemed to 'happen' during the Blood Moon Tetrad of 2014-15. The point is that the last Tetrad of 2014-15 was part of a larger triad of Tetrads since 1949. The 3 Tetrads were in approximate phi ratio. This study suggests that the pattern is thus that the prophetic event subject to that Tetrad in proximity occurred before, during and thus will occur after the Blood Moons. Also each Tetrad was subject to a restoration concerning the Covenant People of YHVH. This study does agree that the May 14, 1948 and the June 7, 1967 were prophetic and part of a 3 component countdown accented by the Blood Moon Tetrads. It was in 1947 that the UN passed the resolution to partition the land and carved out a nation for the Jewish people.

The UN Partition Plan also included a State for the Arabs which they rejected it as they wanted it all and to have no nation-state for the Jewish people. As the case was that the Jews established a homeland just prior the Tetrad of 1949-50 and liberated Jerusalem during the Tetrad of 1967-68. The question is that if the Tetrad Template is prophetic, could the Tetrad of 2014-15 see the Temple then be established within 2 years after the Blood Moons? This 2-year window point to 2017 or 5777. From the year of 1947, the Jewish people will see the 70<sup>th</sup> anniversary of the UN Partition Plan also in 2017. Specifically from the 1948 declaration of independence will encompass 2017-18.

Perhaps this timeframe will start the completion of the 70th Week of Years concerning Daniel's prophecy for 'His People'. In 1948 the State of Israel was birthed, in a day; the Tetrad came afterwards within a 2-year span of time. This was the 1<sup>st</sup> variable of the restoration as debriefed by Jesus to His Disciples given in the Olivet Discourse. The subsequent Tetrad of 1967-68 occurred during the prophetic event of having not only the city of Jerusalem liberated from the Muslims but the Jews secured the Temple Mount. Recapturing the city of Jerusalem in 1967 was the 2<sup>nd</sup> variable disclosed by Jesus that needed to be restored in the End of Days. This prophetic restoration occurred during the 2<sup>nd</sup> Tetrad and on Pentecost, according to some.

Thus this study contends that the last and 3<sup>rd</sup> prophetic variable to be restored next is the Temple. Based on the Tetrad Pattern, the Temple would come after the 3<sup>rd</sup> Tetrad of 2014-15 within a 2-year window of time. This puts the timeframe of the Temple being either restored or beginning to be restored from the timeframe of 2016-17 or more plausible in the Jewish year 5777. Thus the year 2017 could fit the pattern of the 'after' sequence concerning the Tetrad Template of prophecy presented in this study. The pattern is that of the prophetic restorations occur, **before, during** and **after** the Tetrads. To reiterate, this study suggests that since 1947, the pattern encompasses the 3 prophetic variables of the restoration sequence that have to be in place before Jesus returns as they were destroyed.

Other secondary but nonetheless just as important prophetic variables also have to be in place as it was in Jesus' 1<sup>st</sup> visitation. These variables have to do with there being a Sanhedrin for example, a False Prophet, a 'King of the Jews' that will be the AntiChrist, the Roman Empire ruling a divided Israel, etc. As then the 2-State solution was to have the last vestiges of King David's tribe, that of Judah barely functioning and co-existing next to the Samaritans that were hostile towards the Jews. The following is the Tetrad Template of prophecy concerning the 3 variables of restoration pertaining to Daniel's 'People'.

***Order of Ordained Destruction – Count-up***

- 1 Temple
- 2 City
- 3 Nation

***Order of Ordained Restoration – Count-down***

- 3 Nation      **1947**
- 2 City        **1967**
- 1 Temple     **2017** ????

-----  
**5777**

The year 2017 has that magical '7' at the end that signifies a completion or fulfillment, as in 777 and 1967. In 2017, the Comet 67p will appear to accent and conjoin the Moon on the Great Sign of Revelation 12. This Tetrad Pattern is based on the assertion that if it is the case that perhaps in 5777 the Temple is to be in place, then this means that the Rapture of the Bride of Christ has to occur before and that much sooner. This is stipulated and based on the book of Revelation 12 Virgo sign to occur in September 23, 2017. The typologies of the prophetic motifs are taken in the sequential order given and thus the inferred order and interpreted as such.

The Temple has to be addressed from now until the end of 5777 to validate this suggested Tetrad Template or pattern. Basically the Tetrad Template is the reverse sequence of the destruction given by Jesus on the Olivet Discourse. The year 2017 will be the 50<sup>th</sup> year anniversary of the liberation of Jerusalem from the Muslims. As to Pentecost being prophetic and tied to the Rapture timing? Consider that, the June 7, 1967 was Pentecost by some who calculate it alternatively so a Pentecost can and did occur in June so it is possible.
