

Touch-a-Truck Registration

Sunday, August 11 | 3:00 -5:00 p.m.

The St. Marys SummerFest is hosting its third Touch-a-Truck event on Sunday, August 11. Our first event in 2017 was a huge hit attracting hundreds of visitors with numerous vehicles on display. This year Life Flight will be flying in their medical helicopter and touching down near Skip Baughman Stadium.

For those of you new to Touch-a-Truck, it is a family fun event where everyone gets to explore big trucks, emergency, construction, transportation, electric, and other one-of-a-kind vehicles. The basic premise is exactly what it sounds like – get a bunch of cool, giant trucks together in a large field setting and let boys and girls of all ages explore them and sit in the driver's seat (and honk the horn!). This is set in a safe and friendly environment full of family activities for all ages.

For 2019, we are planning to have over 25 vehicles. The vehicles will be parked on South Street and possibly the grassy area north of Skip Baughman Field. The event will run from 3:00 pm – 5:00 pm. We ask that vehicles arrive between 2:00 and 2:30 pm to allow enough setup time. In addition, SummerFest will be going on in Memorial Park with live entertainment, festival rides, food and drinks, and more.

If you will be providing a vehicle and a staff member (or two) to assist on the event day, please fill out the form below.

Business Name: _____
