

In order to help stem the spread of SARS-CoV-2, we are asking all patrons to abide by the following:

- **Please maintain distance from our staff and other customers when in the lobby, and remind your child to do so too.**
- **Face masks are required for everyone entering the facility.**
- **We are taking athletes' temperatures and sanitizing their hands when they enter the gym.**
- **All kids in our recreational and team programs are required to wear masks when unable to socially distance. While they are on the equipment and doing activities they may pull them down, but they must have it on them so it's readily-accessible when they are near others.**
- **Kids in our preschool programs are encouraged to wear masks, too.**
- **Water fountains are off-limits—please provide a water bottle for your child.**

**Thank you for helping keep our staff and families safe!**
