- Occupation: Regular occupation
- Benefit amount: Choose from 3 options

**Fixed amount of \$500 per week - \$26.50 per month (\$53.00 Joint)**

In the event of a serious accidental injury, paying the medical bills may be the least of your worries. If you can't work, how will you pay the rest of your bills? You still need to put food on the table, pay rent or mortgage, auto loans and all the rest. Worse yet, what will you do if both you and your spouse are disabled and unable to work? Who is going to pay the bills?

The answer is simple. The ATTD Plan could help secure your future. Our accident only ATTD benefit is a true "Regular Occupation" plan that pays when a disabling accident prevents you from performing the essential functions of your job. Not just any job. Your Job.

**Pays regardless of any other coverage or salary continuation plans in place.  
Workers Compensation, SSDI or other DI will not reduce this ATTD benefit.**

This benefit pays the weekly benefit amount elected, after the elimination period of 30 days, for up to 52 weeks, if an accidental bodily injury solely and directly causes disability that: a) prevents an insured person from performing the substantial and material duties of his or her regular occupation (or with respect to an insured person who is unemployed, prevents him or her from engaging in the normal and customary activities of a person of like age and sex in good health); b) causes a condition which is medically determined, by a physician, to be continuous; and c) requires the continuous care of a physician.
