DESCRIPTION: High quality iconic Browning hunting bow that would be in the \$200 price range if not for a couple of filled drill holes in the riser. Rosewood and laminate riser. Bow has no delamination; no cracks; limbs are straight. Beveled arrow shelf. Overlays and tips are in great condition. A previous owner drilled two holes through the entire sight window. These were filled with epoxy putty and refinished (see pics). No chips, dings or cracks. No stress lines or crazing except for a little bit of stress around the factory installed quiver and stabilizer bushings. A few minor scratches and nicks here and there. Decal is in very good shape. Overall, this is an attractive structurally sound bow that should provide several more years of good hunting.

COMES WITH A NEW STRING.
