## A Holiday Message

by Rabbi Benjamin Blech

Coronavirus is now officially a global pandemic. Suddenly we find ourselves smitten by a plague of biblical severity.

Passover asks us to remember the 10 plagues which G-d sent against the Egyptians. With the help of the Bible we know the purpose behind these afflictions of a people. G-d had a plan. Egyptian suffering had meaning. What makes our contemporary anguish so particularly unbearable is its seeming incomprehensibility.

In the age of the prophets there would've been an effort to discern some divine message in this global tragedy. But today we somehow assume that scientific knowledge precludes the possibility for including G-d as part of the management of the universe. After all who can argue with Louis Pasteur and Robert Koch who, in the latter half of the 19<sup>th</sup> century, proved the germ theory of disease – that pathogens too small to see without magnification are the true cause of illness. Germs are the villains and viruses are the sole reasons for the presence of diseases which determine whether we live or die.

And I dare to ask: Doesn't belief in G-d demand that we merge the germ theory of disease with the conviction of faith in a supreme being who actually decides where, when and how far viruses spread? When we are directed by doctors to wash our hands we are required to do so by Torah law.

Please understand exactly what I'm saying. Maimonides long ago made clear that it is our obligation to ensure our good health. We can't simply rely on G-d; G-d has made us his partners in our quest for longevity. Hygiene is a mitzvah; it's an obligation. Taking care of our bodies is a spiritual requirement akin to protecting our souls. When we are directed by doctors to wash our hands we are required to do so by Torah law.

But the ultimate decision of life or death remains, as we make clear every year on Rosh Hashanah and Yom Kippur when our fate is sealed, with the Almighty. That is why I'm amazed that of the countless suggestions for how to counter and to cope with the coronavirus we hear so little of the word G-d and the possibility that this global pandemic brings with it a profound divine message. I am obviously no prophet, but here is a thought that I think is worth considering and taking to heart.

### HONORABLE MENSCHEN

- ♦ Over the many months since the pandemic began, we had been in “care-taker” mode – no activities, no *minyanim*, etc. This section of the Bulletin usually highlights our members’ participation and service from Pesach - Shavuot and through the summer and early fall. That is not the case this year. The opportunities to be involved in pre-Pesach, Yom Tov and Shavuot events, reported in prior years cannot be recounted this time. We cannot speak of the *erev Pesach siyum bechoros*, *Yom Tov davening*, reading *Shir Hashirim*, *Rus*, the *Seudas Dovid Hamelech* and its sponsors, **Rav Teitz** (he should be well) and his involvement in Pesach and Shavuot, etc. With the resumption of *minyanim*, we were able to offer the community reading of *Eicha* and *Kinnos* on *Tisha B’Av*. Our thanks to **Lenny Lauer** who has led this reading over the years.
- ♦ **YOM ECHUD YERUSHALAYIM** - The remote celebration of *Yom Haatzmaut* through Zoom meetings and YouTube connections offered a chance to celebrate in isolation. We provided links in observance of the **Anniversary of the 6 Day War** and the **Reunification of Jerusalem**.
- ♦ **KALISH and BLANK AWARDS** –at the respective gatherings for graduating **Bruriah** and **RTMA** seniors, awards were presented at the end of the school year. Our Shul sponsored awards for the **Norman Kalish Memorial Awards** to **Yitz Taragin** (RTMA - Elizabeth) and **Sheva Deutsch**, (**Bruriah** - Staten Island). **The Esther and Julius**

**Blank Memorial Award** was presented to **Yael Schneider** (**Bruriah** - East Windsor) *Mazal Tov* to these wonderful young people as they enter the next phase of their lives.

- ♦ **TEHILLIM** - Our study of *Thillim* – Psalms - each Shabbos morning before the Torah Reading, began on January 2011. With an almost four month hiatus, we are currently resuming the study. Now in the second Book of Thillim (Five books reflecting the five books of the Chumash), we are now in the 35th *mizmor*.
- ♦ **TODAH RABBAH** - to all those who have responded to our Yamim Noraim Membership and Appeal by submitting their information Update, Kol Nidrei contributions and membership renewal.
- ♦ **FACE MASKS** – **R. Shmuel Burnstein** has arranged for high quality face masks for BY through a donor. We thank him for his community spirit and support.
- ♦ **TZAISCHEM L'SHALOM** - **Debbie & R. Joe Oratz** who have departed Elizabeth for their new home in Yerushalayim. Last year, when the Oratzs announced their *aliyah*, they planned to return to the States to see their Atlanta children and also spend Rosh HaShanah and Yom Kippur in Elizabeth and *daven* for us at Bais Yitzchok. Rabbi Joe’s tenure with our Shul for *Yamim Noraim* spanned over three decades as *Baal Shacharis* and then *Baal Musaf* and his expert *laining* of the Megillah on Purim is memorable. Obviously the pandemic changed all that. First no flights to Israel, then isolation requirements coming and going, and so much more. The plan for this year just wouldn’t work. Rabbi Oratz leaves a great legacy for the Elizabeth Community: Women’s Parsha Group, leadership at Bruriah, learning at Bais Yitzchok, *Hashkama Minyan* at the JEC, etc. We wish them every success and *hatzlacha* and hope to see them next year. This year we are fortunate to have **R. Shmuel Rosenberg** (Rav at now closed Elmora Hebrew Center) as our *baal Musaf*. We look forward to an enjoyable and meaningful davening, 

Heartfelt thanks to Jean & Jake Zimmer for their untiring efforts on behalf of the shul and its members.

# CONDOLENCES *המקום ירחם*

*The members and Officers of Bais Yitzchok extend sincere condolences to our members and friends who have suffered recent losses -*

- To the family of **Dr. Bernard Lichstein a'h** (Deerfield Beach, FL). Bernie was a past BY Vice President, President and active Board member until the family move to Florida. Before the move, even when mobility was difficult, Bernie was in Shul every morning and could be counted among all supporters and participants in every Shul function. Burial was in Israel with Zoom opportunities for *Shiva* and later *Shloshim*. Sincerest condolences to the entire *mishpacha*, including but not limited to wife **Barbara yblh"n**, son **Yoel**, and daughters **Rachael Katz**, **Devorah Schatz**, **Leah Malamet**, **Shulamis Hess** and their respective spouses and families. The family has sponsored a **United Hatzalah Campaign** in memory of Dr. Bernard Lichstein. at <https://israelrescue.org/inmemoryofbernardlichstein>
- To the family of **Esther Flint a"n**. Esther was a longtime BY member, along with her husband, *ylt"n*, Eli and her parents. Eli served as house chairman and oversaw all building issues with the Shul. Condolences to her husband, **Eli**, son, **Nissan Flint** and daughter, **Ariela Finkiel Geller** and their respective spouses and families.
- To the family is **Mrs. Hilda Kaisman a"n**, who, with her late husband, **R. Jerry Kaisman z"l**, were a permanent fixture in Shul, living only a few doors down on Bellevue St. After her husband's death she moved to Lakewood to be closer to her family.
- To the family of **Harold Lilie a"n**, who could be found in Shul early every Shabbos morning as well as Yom Tov. Harold had deep roots in Elizabeth and with Bais Yitzchok. A number of years ago Harold moved to a local care facility where he lived until his death.
- To the family of **Sara Shames a"n**, mother of our former member, **Marcy Fox**. In many cases, the extended family of BY members become part of the Shul family. That was the case with Mrs. Shames who was often seen in Shul when Marcy and her family attended BY.
- To our long-time and supportive member, **Glenn Bond** and his family, on the passing of his mother, **Frances Bond a"n**. It was always a joy for the members to share time with the California Bonds when they visited.

## A Holiday Message continued

Every parent knows that one of the most obvious responses to a child's misbehavior is what is commonly known as a "timeout." The child is restricted from enjoying pleasurable activities. The child has his normal life disrupted. The child is encouraged to reflect upon his disobedience. Is it too much to consider that as our world continues to sink ever lower in our commitment to virtue that G-d responded with a virus that has forced millions into a "timeout" of quarantine and seclusion?

The 10 Commandments are the biblical source of the most basic system of ethical and moral behavior. They represent the primary justification for our continued existence on earth. And the commentators took note of a remarkable number. In the original Hebrew, the language in which the commandments were inscribed by G-d on the two tablets, there are exactly 620 letters. 620 would seem to be a number with no particular theological significance. It would've been perfect and readily comprehensible if there were exactly 613 letters in the 10 Commandments. Those are the numbers of mitzvot given to the Jewish people in the Torah.

The 10 Commandments are the principles inherent in all of Jewish law. But what is the meaning of 620 letters? The rabbis explained. While the number of mitzvot for Jews is 613, the number seven represents universal law – what is commonly referred to as the seven laws of the descendants of

Noah, required as a minimum for all of mankind. And 620 of course is the sum of 613 and seven, the totality of divine guidance for both Jews as well as the rest of the world.

The word corona – as in coronavirus – comes from the Latin word for crown. The commentary does not end there. 620 is the *gematria*, the numerical value, of an important Hebrew word, *keter*, which means crown. A *keter* – a crown – is placed on top of every Torah scroll. The symbolism is obvious. The crown above the Torah demonstrates the relationship of the 10 Commandments to the rest of the Torah. From the 10 – in number of letters 620 – we have the principles which subsequently found expression in the entirety of the Torah.

The *keter* – the crown – is the most powerful symbol of our connection with G-d. Perhaps we need to consider the world's present affliction not just in the context of a disease caused by pathogens but as a divine message reminding us that we have been given our lives to invest them with meaning and virtue as defined by G-d's 10 Commandments.
