The image displays a large grid table, likely representing a spreadsheet or data table. The grid consists of 13 columns and 29 rows. The first column is highlighted in yellow. The first row is shaded light grey, indicating it is the header row. The rest of the table is empty.

The image shows a large grid with 17 columns and 36 rows. The first column is highlighted in bright yellow. The remaining 16 columns and all 36 rows are empty, indicating a blank spreadsheet or a table that has not been populated with data.

A large grid table with a yellow vertical bar in the first column. The grid consists of 20 columns and 28 rows. The first column is highlighted in yellow, while the remaining 19 columns are white with light gray grid lines.

The image displays a large, empty grid, likely a spreadsheet, with a grid of approximately 25 columns and 30 rows. The first column is highlighted in yellow, indicating it may be selected or a header row. The grid is otherwise blank, suggesting it is a template or a sheet where data has not yet been entered.

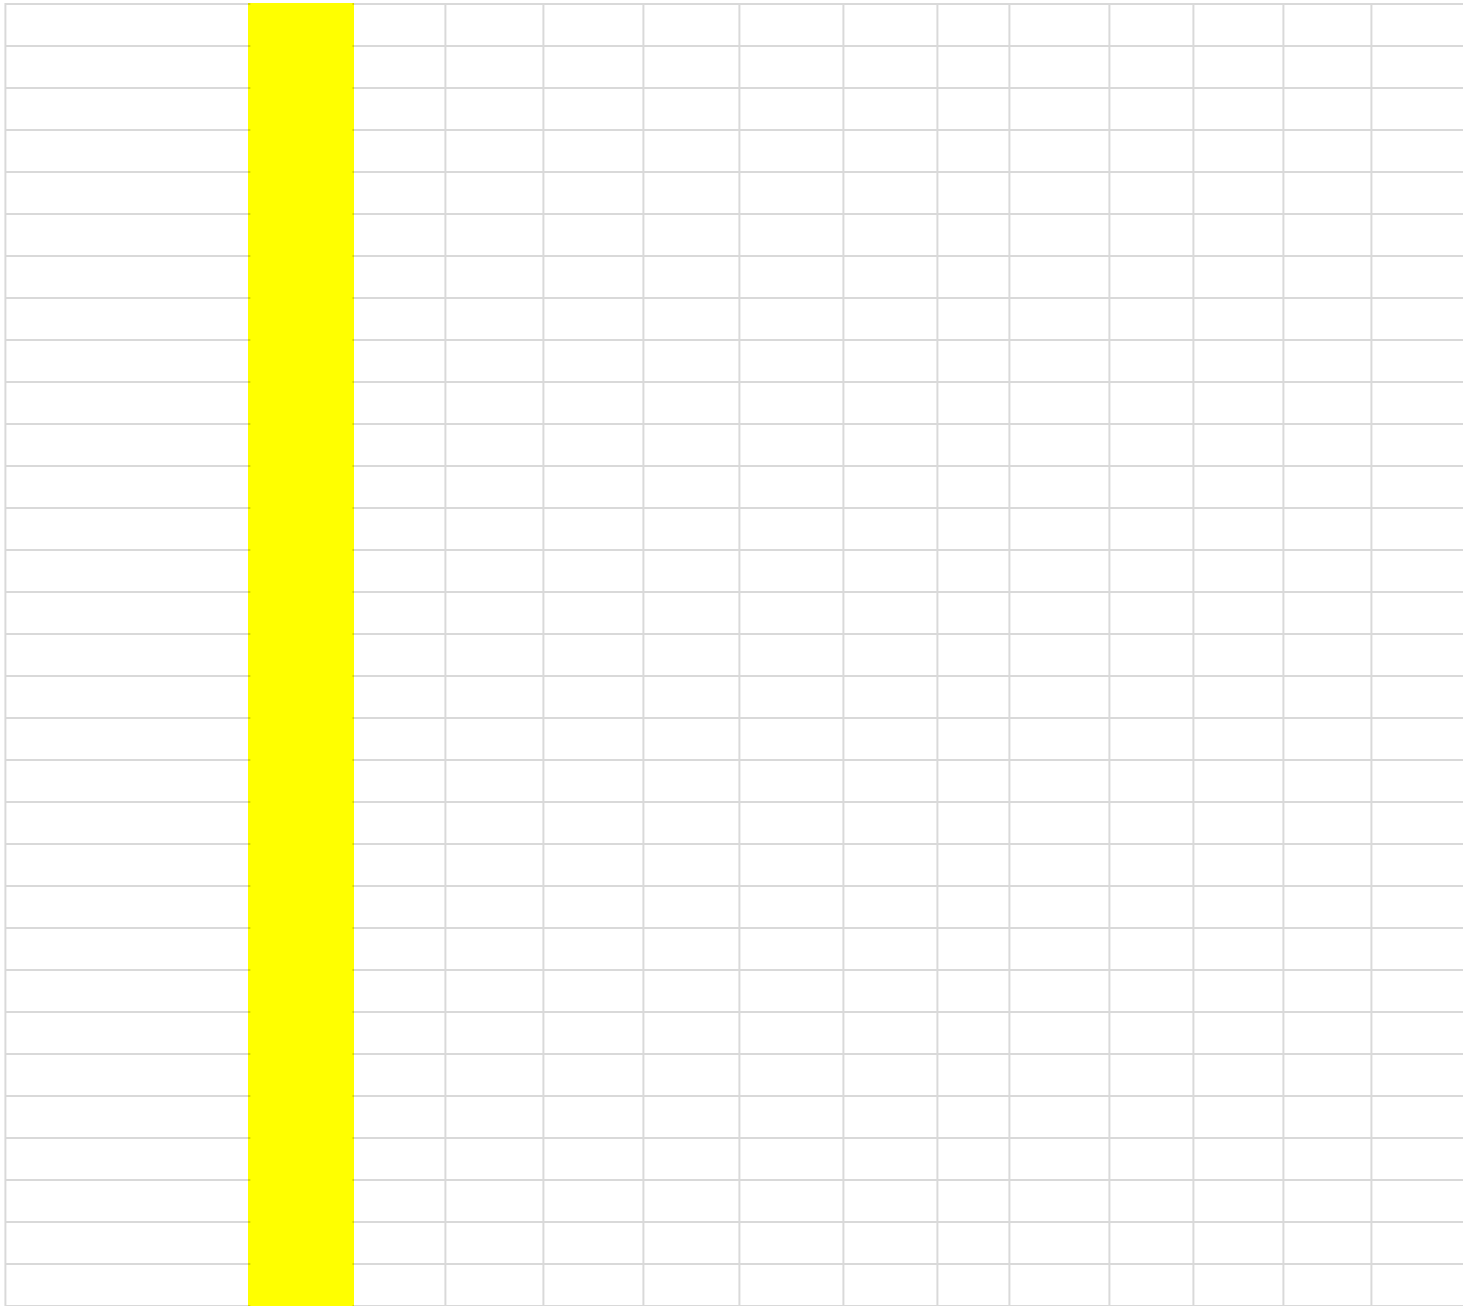

The image shows a large grid area, likely representing a spreadsheet. The grid consists of approximately 25 columns and 30 rows. The first column on the left is highlighted in a bright yellow color. The rest of the grid is white with light gray grid lines.

The image shows a large, empty grid with a yellow vertical bar in the first column. The grid consists of 15 columns and 25 rows. The first column is highlighted in yellow, while the remaining 14 columns are white. The grid is currently empty of any data.

This image shows a large, empty grid table with 20 columns and 25 rows. The first column is highlighted in yellow, while the remaining 19 columns and all 25 rows are currently blank. The grid lines are light gray, and the overall structure is typical of a data table in an Excel spreadsheet.

The image displays a large, empty grid table. The grid consists of 20 columns and 30 rows. The first column is highlighted in a bright yellow color, while the remaining 19 columns are white with light gray grid lines. The table is currently blank, with no data or text entered.

The image shows a large grid of empty cells, typical of an Excel spreadsheet. The grid has 15 columns and 30 rows. The second column from the left is highlighted in bright yellow, while all other cells are empty and white. This likely represents a placeholder for data, possibly the top 10 rankings mentioned in the file name.

A large grid of cells, likely representing a spreadsheet. The grid is approximately 30 rows high and 15 columns wide. The first column is highlighted in a bright yellow color, while the other columns are white with light gray grid lines. The grid is empty of data.

A large grid of empty cells, likely a spreadsheet or data table. The grid consists of 15 columns and 25 rows. The second column from the left is highlighted in a bright yellow color, while all other cells are white with thin grey grid lines.

A large empty grid table with a yellow highlighted column. The grid consists of 20 columns and 28 rows. The second column from the left is highlighted in yellow. All other cells are empty.

The image shows a large, empty grid table with 15 columns and 25 rows. The first column is highlighted in yellow. The rest of the table is white with light gray grid lines.

The image shows a large grid with 15 columns and 25 rows. The second column from the left is highlighted in yellow. The grid is empty of data.
