

## **CACAGNY to City Councilmembers: Don't Override Mayor's Veto**

CACAGNY fully supports Mayor Eric Adams' veto of City Council Bill Intro. 586-A.

Intro 586 would burden our policemen with complicated, time-consuming reporting requirements while they are engaged in crime-fighting. Worse, it exposes our policemen to adverse consequences if they fail to comply with Intro 586 to its last detail.

The net effect of Intro 586 is to diminish the effectiveness and willingness of our policemen to protect us from criminals.

This city is already besieged by unacceptable levels of chaos and crime. Street activity is muted, businesses are shutting down, jobs are vanishing, taxpayers are leaving.

Mayor Eric Adams did the correct thing when he vetoed Intro 586.

We urge all City Councilmembers: support the mayor and NOT override the veto. If the veto is overridden, this bill will handcuff our police, unshackle criminals, anger your constituents, and push the city further into dysfunction.

We are alerting our supporters to watch carefully how their councilmembers vote on this.
