Dear Grace United Methodist Church Family,

In the early morning hours of Thursday, September 24th, Grace United Methodist experienced a fire in its kitchen. The point of origin was apparently the gas line to our new stove. We thank the Alamogordo Fire Department for its quick response and for saving our kitchen. Praise the Lord that no one was present and no one was injured! The insurance companies are assessing the loss. We expect a quick recovery! There may be a temporary interruption of our Shared Table Ministry but the volunteers are considering options. God will ultimately use this for good as He always does. We thank everyone for their prayers and concerns.

Sincerely,

Bob Doughty

Chairman, Leadership Board
