A Note from Rick: I'm sick of hearing myself being negative. The market has leveled off and we need to look to the positives. Harvest is plentiful and commodities are cheap so let's get to filling the barns with livestock! We had a good sale on Tuesday from top to bottom. We had several nice groups of feeder heifers and steers and I really appreciate having the opportunity to sell them. As a cattle guy myself, it's been fun to see them all roll in and sell. We've had steady numbers at our special sales over the last three months and I'm encouraged by the way this is taking shape. It's been a giant learning curve for us and we are getting more comfortable every sale. I'm looking forward to a time in the very near future where I am able to get out of the office and back in my truck looking at cattle and meeting with customers. Give me a call if I can help or look me up at TLA.
