Are you ready for something new??

Let's slow things down and enjoy some hand stitching. In this class we will be learning a multitude of stitches to decorate our wool creations. We will be starting with the little fishes and decorating those as we learn to create a variety of embroidery stitches. As time allows, you may wish to move on to create some fanciful ravens. As many of us do not have some of the required materials, Ursula will be providing kits with the hard for us to find items. Price of fish kit will be determined but looks like it will be around \$50.00. Additional cost to purchase raven fabric - also to be determined.

Ursula Greiner ("Uschi") lives on the Sunshine Coast, B.C. She is a well-known fiber artist whose current focus is contemporary folk art using her own hand-dyed wool and a wide variety of threads from around the world. She emphasizes the fusion of dimensional embroidery and traditional needlework.

As a pattern designer, Uschi is inspired by nature, the play of colour and layered textures using different mediums. Additional areas of specialty are hand dyeing of silk velvet, wool, linen and other fibers, which are incorporated into her art work.

Uschi is highly valued locally for inspiring social stitchery events. She is happiest when immersed in teaching stitchery at all levels from novice to the accomplished.
