

Day Dream Tours 2018 Tours updates!

2018 presents new opportunities to travel to your favorite destination with family and friends in modern, deluxe motor coaches. This year's schedule is a work in progress and will be updated online as the year progresses. Our tours are inclusive of admissions, accommodations, meals, transportation and accompanied with a tour director. Public tours depart from the Boardman, Oh, New Castle, Wampum and Cranberry areas. Upon request, we arrange private group tours, for churches, colleges, schools, clubs and family outings with departure from your location.

On a more personal note, after years of planning tours, my life direction has changed. My husband, Bill had an accident, last July, that resulted in a arm amputation, stroke and several months of recovery in the hospital and rehab. He is home now, making improvements with therapy and support of family, friends. I am grateful for our blessings and Bill's life. As he progresses, I will spend more time in the office, but until then, I will also be working on tours from our home office. Thank you for your patience and understanding.

Also, in October, we were saddened to lose a dear friend and former Day Dream Employee, Sue Antoniotti, after a year battle with cancer. With that being said, this is a reminder, that tomorrow is not guaranteed, no matter what or how we plan for the future. Remember to enjoy today! And with God's blessings, we will help you enjoy tomorrow with fun filled motor coach tours.

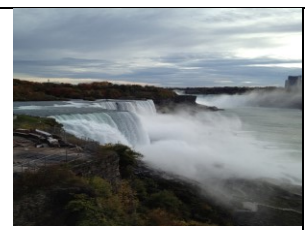

On a positive note. We became grandparents in October and that has provided therapeutic healing for all of us! We look forward to serving you on future tours.

Your friend in Travel, Lana Boyer
