

Heartsaver® CPR & AED Online Part 1*

Course Covers:

- **Adult/child CPR with mask**
- **Adult/child choking**
- **Adult/child AED**
- **Optional modules in infant CPR and choking**

With nearly 80 percent of cardiac arrests occurring outside the hospital, it is important that employers offer training that gives employees confidence to act quickly in an emergency.

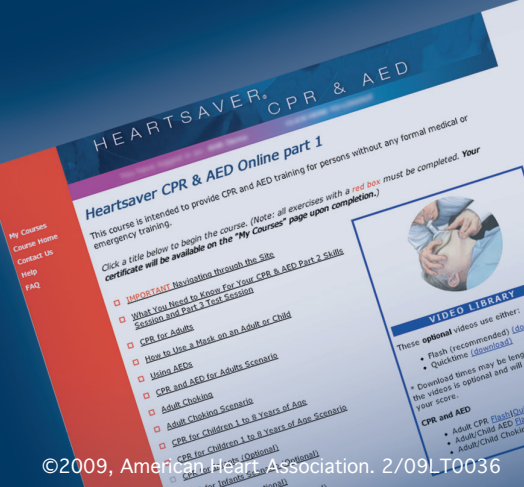

The Heartsaver® CPR & AED Online Part 1 Course offers a flexible, time-saving option for workplaces that need to provide safety training. The complete course is delivered in three parts. Part 1 delivers the cognitive learning through Web-based, self-paced modules. Parts 2 and 3 require students to meet with an American Heart Association Instructor to complete a hands-on skills practice session and a skills test. Upon successful completion of all three parts students receive a course completion card valid for two years.

Features:

- Accessible online 24/7 with simple login process
- Interactive questions, activities and video segments to reinforce learning
- Downloadable student review guide
- Can start, stop and return to modules as needed for self-paced instruction
- Provides Part 1 certificate of completion after student finishes all online modules
- Product #80-1494

Benefits:

- Provides time-saving option for first-time or renewal training
- Allows students to complete online portion at their own pace, then gain comfort performing skills during the skills practice session with an AHA Instructor
- Fast program implementation with no classroom scheduling delays
- Meets the same course objectives as the classroom-based Heartsaver AED Course, but requires less time to complete – on average, 2 hours
- Offers convenient knowledge refresher with user access to the program for up to 12 months after initial completion
- Enables employers to offer training options and help accommodate diverse learning needs
