

Newmarket EATS

Sponsorship Opportunities

Newmarket Community Education Partnership (NCEP) has a long history of supporting the social, recreational and educational experiences of children and youth in the town of Newmarket. Since its inception in 2004, NCEP has raised and granted over \$100,000 to benefit the town. NCEP is composed entirely of volunteers who have worked tirelessly to secure funding for a wide variety of programs for Newmarket schools, the recreation department, library and other community organizations. Programs and items funded include camp scholarships, technology and other classroom equipment, field trips, speaker programs, and special education materials, among many others.

NCEP's major fundraiser is **Newmarket EATS**, a unique celebration of local restaurants and businesses. Set for **Sunday, November 10 from 6:30 – 8:30 p.m.** at the historic **Millspace** downtown, attendees can expect food tastings, entertainment, silent auction, raffle and a cash bar. We are currently seeking **EATS sponsors – both individual and business sponsors** – to help support this special event. We are happy to announce that Newmarket Business Association is co-sponsoring the event with NCEP for the first time this year.

May we count on your support?
