

**Wilson Shepard Education Associates**

**“Alzheimer's and Dementia Care Seminar\*”**

Our Mission: The Mission of the NCCDP is to promote, encourage and enhance the knowledge, skills and practice of all persons who provide care and/or services to Dementia clients by means of requiring excellent standards of education, Dementia specific training and incentives for professional development of those who are dedicated to the ever growing field of Dementia care.

The only way to provide successful dementia care is to understand the disease process, the importance of communication skills and the significance of the feelings behind the dementia related behaviors.

\*This is the required course to Become Certified through the National Council of Certified Dementia Practitioners

**Goals and Objectives**

- To provide fundamental education on Dementia and Dementia care
- To enhance the quality of life of Dementia patients through educating care providers
- Foster sensitivity and respect for the Dementia client
- To teach communication techniques
- To provide sensitive approaches for assisting patients with activities of daily living

**Participants will**

- Have an understanding of Dementia
- Identify common causes of aggressive, repetitive and sundowning behaviors in older adults
- Describe behavioral/care interventions that may be used to prevent, reduce or eliminate difficult care situation
- Describe challenges related to caregiver stress and utilize stress reduction techniques
- Learn alternative activity interventions that are success oriented and failure free.
- Receive certificate of attendance in seminar

In order to receive confirmation of attendance, you must stay for the entire seminar.
