We are seeking a full-time **School Based Mental Health Practitioner.** In this role, you will provide behavioral/skill-based interventions to young children and adolescents by providing skill-building activities (anger management, problem solving, interpersonal skills, etc.) These services are provided within a federal Level 2/3/4 special education setting determined by the student's Individualized Educational Plan (IEP). Students within this setting spend part, or all, of their day within a Learning Center Resource classroom and transitioning to mainstream classes throughout the school. You will learn about how various mental health diagnoses look in different age populations, how they may present in individuals, and expand your knowledge in interventions.

School districts include: Southland, Lyle, and Le Roy.

- See below for additional responsibilities and requirements.

- **If you are interested in applying?** *Email careers@fernbrook.org*

Must have **one** of the following to qualify**:**

(a)one year of coursework in a human service field and 2,000 hours of experience with children and adults with mental health concerns
(b)one year of course work in a human service field and related internship/practicum experience
(c)a bachelor's degree in a human service field & related internship placement experience
(d)hold a master's degree in related field
AND have reliable transportation, vehicle insurance, and pass criminal background check

This position follows and academic calendar and will begin in August, 2019.
