

Remembering
Shiloh Forest Sundstrom

"When you see pictures of Shiloh, look into his eyes... it will take you deep into the Spirit of the Siuslaw!" - Ray Kinney

When Shiloh passed away in November, 2015, at the age of 34, he was already a leading researcher and rancher-scholar in the fields of Geography, Forestry, and Collaborative Conservation, and was awarded a posthumous PhD. from Oregon State University. He was Valedictorian of the Mapleton Class of 2000, and participated in all three varsity sports. He focused his career on Pastoralism in Kenya and Ranching in the US West. An International Symposium was held at OSU honoring his achievements, a Corvallis brewery launched a new beer called "SHILOH IPA", and friends and family contributed \$25,000 to create an OSU Endowment to assist future students in carrying on his vision of natural resources productivity and protection on the same landscapes.

While working for the SWC, he created *The Siuslaw Salmon Run* as a fun and fundraising event. With the encouragement and support of Shiloh's family, the SWC is pleased to revive this event and continue to honor him with this year's **2nd Salmon Run/Walk and Celebration!** "Live Like Shiloh!"
