

CANYON BAND BOOSTERS

Canyon High School Band & Color Guard Communication Avenues

WEBSITE: <http://www.canyonband.org/> - there is quite a bit of good information here (including the calendar for the year) as well as many of the forms we use throughout the year.

CHARMS: www.charmsoffice.com – this is a program we use to track student information, inventory, music library and most importantly email parents and students during the year about upcoming events, changes to schedules, etc. Incoming students will have an opportunity to set up their charms account at Registration Day. Returning students will have the opportunity to update their information at Band Registration Day. Our School Code is nbcanyonband. The password should be the student Id # (try with and without zeros at the front).

Charms is also where you can show your interests as a parent to volunteer during the season. Please note that by completion the section you are NOT volunteering to be a part of the committees, simply expressing an interest to learn more about volunteering in that particular area.

TEXTS: Sign up for Texts alerts: i.e. when the busses will return from a game, etc.
