

***Kathleen Marie Studio***  
**491 Wildwood Lane**  
**Johnson City, TX 78636**  
**830-868-0335**

Directions:

**From Austin** take 290 W. 9 miles past Dripping Springs turn right on 3232 (The road to Pedernales Falls). Go 3 miles and look for Flat Creek. Wildwood Lane turns left immediately before the creek. It's a dirt road.

Go about a ¼ mile, you will cross a concrete bridge. We are the second place on the left AFTER the bridge. You will see the workshop first - a big metal building.

Drive past the shop (uphill) and turn into the driveway by the cedar fence. It is a circular drive and the first one is blacktop. The first building is the studio. 491 is posted on the fence.

The house and studio are wood painted light gray with a metal roof.

---

**From Johnson City** take 2766 towards Pedernales Falls State Park. It is between the Exxon and former Chevron station (now vacant) just south of the traffic light on 281. Go about 8 miles down 2766 and you will see 3232. It only goes to the right and is immediately before the park entrance. Go 3 miles down 3232 and you will come to Flat Creek. (Slow down) Immediately after the creek you will see Wildwood Lane on the right.

Go about ¼ mile down Wildwood Lane, you will cross a concrete bridge.

We are the second place on the left AFTER the bridge. You will see the woodshop first - a big metal building.

Drive past the woodshop (uphill) and turn into the driveway by the cedar fence. The first building is the studio. 491 is posted on the fence. It is a circular drive and the first one is blacktop

The house and studio are wood painted light gray with a metal roof.
