

JERUSALEM CYDONIA STAR MAP

The purpose of this illustration is to approximate the scale of how large the Cydonia Pyramid complex is in comparison to the core of the city of Jerusalem and its surroundings. In comparison, the Martian structures were massive in size taking up the entire width and breathe of the ancient city of Jerusalem for example as it pertains to the size of the Face of Mars 'Temple' or mausoleum. The scale of the Pleiadian Pyramid City approximates the relative size of a modern metropolitan city core. The only difference is that the various structures were massive in size and
