

WELCOME TO SALONS ENERGY

We are 100% committed to helping Salon and Spa Owners and ... if you read on, you will quickly learn why!

Our passion for the Beauty Industry stems from our spending much of our earlier professional careers in the Beauty Industry. For almost 20 years, Brant had the personal privilege of running our three-generation, family-owned and operated Wholesale Distributorship in Texas (est. 1946), serving the Hair, Spa, Barber and Nail Salon community.

Kristin served as one of the top producing Account Directors in the nation, with countless industry sales and business development programs and awards credited to her name. Kristin also served in the capacity of VP of Sales and Market Development and is attributed with helping salons all across Texas manage and grow their business operations.

As proud and exclusive distributors of many fine industry brands, including:

Wella, Alfaparf, Terax, Keune, Joico, Rusk, KMS, Rene Furterer, Philip B, Scruples, OPI, Phyto, Alterna, ISO and many other key brands ...

**"Quality, Service and a Passion
For Excellence was instilled"!**

Doing the right thing came easy to us and helping our clients in their ongoing success was paramount.

Today, this same deep-rooted passion has now carried onward into: "Merging 2 Industries" - With One Cause.
