COVENANT FOR MAINTENANCE ASSESSMENTS

Section 1. Creation of the Lien and Personal Obligation of Assessments. The Declarant, for each Building Plot owned within the Properties, hereby covenants, and each owner of any Building Plot by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) annual assessments or charges, and (2) special assessments for capital improvements, such assessments to be established and collected as hereinafter provided. The annual and special assessments, together with interest, costs, and reasonable attorney's fees, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with interest, costs, and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them.

Section 2. Purpose of Assessments. The assessments levied by the Association shall be used exclusively to promote the recreation, health, safety and welfare of the residents in the Properties; the improvement, operation, administration, management, preservation and maintenance of the Common Area and any part thereof; the payment of all expenses and obligations lawfully incurred by the Association in connection with the Common Area or services for all Building Plots.

Section 3. Maximum Annual Assessment. Until January 1 of the year immediately following the conveyance of the first Building Plot to an Owner, the maximum annual assessment shall be THREE HUNDRED AND NO/100 (\$300.00) DOLLARS for each Building Plot, which shall be due and payable as provided hereinafter.

(a) From and after January 1 of the year immediately following the conveyance of the first Building Plot to an Owner, the maximum annual assessment may be increased each year not more than 10% (such percentage increase may be cumulative from year to year) above the maximum assessment for the previous year without a vote of the membership.

(b) From and after January 1 of the year immediately following the conveyance of the first Building Plot to an Owner, the maximum annual assessment may be increased above 10% by the vote of written assent of 51% of each class of members.

(c) The Board of Directors shall fix the annual assessment at an amount not in excess of the maximum.

Section 4. Special Assessments for Capital Improvements. In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of

defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto, provided that any such assessment shall have the vote or written assent of a majority of each class of members.

Section 5. Notice and Quorum For Any Action Authorized Under Sections 3 and 4. Any action authorized under Section 3 or 4 shall be taken at a meeting called for that purpose, written notice of which shall be sent to all members not less than 30 days nor more than 60 days in advance of the meeting. If the proposed action is favored by a majority of the votes cast at such meeting, but such vote is less than the requisite majority of each class of members, members who were not present in person or by proxy may give their assent in writing, provided the same is obtained by the appropriate officers of the Association not later than 30 days from the date of such meeting.

Section 6. Uniform Rate of Assessment. Both annual and special assessments shall be fixed at a uniform rate for all Building Plots. Annual assessments shall be made for each Building Plot at the rate of the full Annual Assessment as follows:

- (a) Building Plots owned by PINE VILLAGE DEVELOPMENT COMPANY none
- (b) Building Plots owned by a Declarant other than PINE VILLAGE DEVELOPMENT COMPANY for a period of 12 months from date of conveyance of Building Plots from PINE VILLAGE DEVELOPMENT COMPANY to such other Declarant none
- (c) Building Plots with a completed residence sold to individual homebuyers 100%

Section 7. Date of Commencement of Annual Assessments: Due Dates. The annual assessments provided for herein shall commence as to all Building Plots on the date (which shall be the first day of a month) fixed by the Board of Directors of the Association to be the date of commencement. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each Building Plot at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Building Plot have been paid.

Section 8. Effect of Non-Payment of Assessments: Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of 10 per cent per annum. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the property. Each such Owner, by his acceptance of a deed to a Building Plot, hereby expressly vests in the Association, or its agents, the right and power to bring all actions against such Owner personally for the collection of such charges as a debt and to enforce the aforesaid lien by all methods available for the enforcement of such liens, including judicial foreclosure by an action brought in the name of the Association in a like manner as a mortgage or deed of trust lien on real property, and such Owner hereby expressly grants to the Association a power of sale in connection with said lien. The lien provided for in this section shall be in favor of the Association and shall be for the benefit of all Building Plot owners. No owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of his Building Plot.

Section 9. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any mortgage or mortgages granted or created by the Owner of any Building Plot to secure the payment of monies advanced and used for the purpose of purchasing and/or improving such Building Plot. Sale or transfer of any Building Plot shall not affect the assessment lien. However, the sale or transfer of any Building Plot pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments

which became due prior to such sale or transfer. No sale or transfer shall relieve such Building Plot from liability for any assessments thereafter becoming due or from the lien thereof.

Section 10. Exempt Property. All properties dedicated to, and accepted by, a local public authority and all properties owned by a charitable or non-profit organization exempt from taxation by the laws of the State of Texas shall be exempt from the assessments created herein. However, no land or improvements devoted to dwelling use shall be exempt from said assessments.

Section 11. Insurance.

(a) The Board of Directors of the Association shall obtain and continue in effect blanket property insurance to insure the buildings and structures in the Common Areas and the Association against risks of loss or damage by fire and other hazards as are covered under standard extended coverage provisions, and said insurance may include coverage against vandalism.

(b) The Board of Directors of the Association shall obtain comprehensive public liability insurance in such limits as it shall deem desirable, insuring the Association, its Board of Directors, agents and employees, and each Owner, from and against liability in connection with the Common Areas.

(c) Each Owner shall be responsible at his own expense and cost for obtaining his own personal insurance on the building and contents of his own residence, garage, carport or parking space and his additions and improvements thereto, including decorations, furnishings and personal property therein, and his personal property stored elsewhere on the Properties; and for his personal liability not covered by liability insurance for all Owners obtained as a part of the common expense.

However, in the event that an Owner, after written request of the Board of Directors, does not supply proof of adequate coverage to the Board of Directors' complete satisfaction, the Board of Directors, or its duly authorized agent, shall have the authority to and shall at its discretion obtain insurance for such Owner's townhouse against loss or damage by fire or other hazards in an amount sufficient to cover the full replacement cost of any repair or reconstruction work in the event of damage or destruction from any hazard. All such insurance coverage shall be written in the name of the Association as Trustee for the townhouse owner. Premiums for insurance obtained by the Board of Directors on individual townhouses shall not be part of the common expense but shall be an expense of the specific townhouse or townhouses so covered and a debt owed by the Owner and shall be collectible by any lawful procedure permitted by the laws of the State of Texas. In addition, if said debt is not paid within thirty (30) days after notice of such debt, such amount shall automatically become a lien upon such Owner's building plot and townhouse and shall continue to be a lien until fully paid. This lien shall be subordinate to the lien of any purchase money and/or improvement mortgages and shall be enforceable in the same manner as any lien created by failure to pay the maintenance assessments. In the event of damage or destruction by fire or other casualty to any property covered by insurance written in the name of the Association, the Board of Directors, shall, with concurrence of the mortgagee, if any, upon receipt of the insurance proceeds, contract to rebuild or repair such damaged or destroyed portions of the property to as good condition as formerly. All such insurance proceeds shall be deposited in a bank or other financial institution, the accounts of which bank or institution are insured by a Federal governmental agency, with the proviso agreed to by said bank or institution that such funds may be withdrawn only by signature of at least one-third (1/3) of the members of the Board of Directors, or by an agent duly authorized by the Board of Directors. The Board of Directors, shall advertise for sealed bids with any licensed contractors, and then may negotiate with any contractor, who shall be required to provide a full performance and payment bond for the repair,

reconstruction or rebuilding of such destroyed building or buildings. In the event the insurance proceeds are insufficient to pay all the costs of repairing and/or rebuilding to the same condition as formerly, the Board of Directors shall levy a special assessment against all owners of the damaged townhouses in such proportions as the Board of Directors deems fair and equitable in the light of the damage sustained by such townhouses to make up any deficiency, except that the special assessment shall be levied against all townhouse owners, as established by Article IV, Section 1, above, to make up any deficiency for repair or rebuilding of the Common Area not a physical part of a townhouse unit. In the event that such insurance proceeds exceed the cost of repair and reconstruction, such excess shall be paid over to the respective mortgagees and owners of the damaged townhouses in such proportions as the Board of Directors deems fair and equitable in the light of the damage sustained by such townhouses. In the event of damage or destruction by fire or other casualty to any townhouse, garage, carport, storage area or other property covered by insurance written in the name of an individual owner, said Owner, shall, with concurrence of the mortgagee, if any, upon receipt of the insurance proceeds, contract to repair or rebuild such damaged or destroyed portions of the garage, carport, storage area and exterior of the townhouse in a good workmanlike manner in conformance with the original plans and specifications of said townhouse. In the event such owner refuses or fails to so repair and rebuild any and all such damage to the exterior of the townhouse, garage, carport and storage area within thirty (30) days, the Association, by and through its Board of Directors, is hereby irrevocably authorized by such Owner to repair and rebuild any such townhouse and garage, carport and storage area in a good and workmanlike manner in conformance with their original plans and specifications. The Owner shall then repay the Association in the amount actually expended for such repairs, and the Association shall have a lien securing the payment of same identical to that provided above in this Section securing the payment of insurance premiums; and subject to foreclosures as above provided.

(d) All costs, charges and premiums for all insurance that the Board of Directors authorized as provided herein, except on the individual townhouses, shall be a common expense of all Owners and be a part of the maintenance assessment.

Section 12. Taxes. Each Owner shall directly render for taxation his own Building Plot and improvements and property thereon, and shall at his own cost and expense directly pay all taxes, levied or assessed against or upon his Building Plot and improvements and property thereon. The Association shall render for taxation and as part of the common expenses of all Owners shall pay all taxes levied or assessed against or upon the Common Area and the improvements and property appertaining thereto.

ARTICLE V

ARCHITECTURAL CONTROL

No building, fence, wall or other structure shall be commenced, erected or maintained upon the Properties, nor shall any exterior addition to or change or alteration therein be made until the plans and specifications showing the nature, kind, shape, height, materials, color and location of the same shall have been submitted to and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by the Board of Directors of the Association, or by an architectural committee composed of three (3) or more representatives appointed by the Board. In the event said Board, or its designated committee, fails to approve or disapprove such design and location within thirty (30) days after said plans and specifications have been submitted to it, approval will not be required and this Article will be deemed to have been fully complied with.

MAINTENANCE AND REPAIRS

Section 1. Definition. In addition to maintenance upon the Common Area, the Association shall provide exterior maintenance upon each Building Plot which is subject to assessment hereunder as follows: paint, repair, replace (but not in the event of fire or other casualty loss normally covered by insurance on the premises) and care for roofs, gutters and downspouts, (if any), exterior building surfaces, fences, trees, shrubs, grass, walks, water distribution system owned by the Association, and other exterior improvements. Such exterior maintenance shall not include: glass surfaces, enclosed patio areas (if any), windows and doors and their fixtures or hardware, landscaping installed by Owner (if any), exterior light fixtures operated from a residence, air conditioning equipment, utility company meters, circuit breakers and switch panels, sewer, gas and electric power service lines.

Section 2. Owner's Maintenance. The Owner shall maintain and keep in repair the following equipment and lines located outside the residence: air conditioning compressor condenser, including pipes and electrical lines connecting same to the residence, sanitary sewer line connecting the residence to the sanitary sewer collection system, electric power service conductors from the exterior of the building to the point of connecting to the electric utility company's junction box or transformer, electric circuit breakers, any portion of natural gas, and/or telephone service lines located on the Building Plot but not maintained by the gas and/or telephone companies.

An Owner shall do no act nor any work that will impair the structural soundness or integrity of another residence or impair any easement or hereditament, nor do any act nor allow any condition to exist which will adversely affect the other residences or their Owners.

Section 3. Neglect of Owner. In the event that the need for maintenance or repair is caused through the willful or negligent act of the Owner, his family, or guests, invitees, employees or agents, the cost of such maintenance or repairs shall be added to and become a part of the assessment to which such Building Plot is subject.

Section 4. Authority of Association. In the event an Owner is responsible for certain exterior maintenance as set forth in the Rules and Regulations of the Association and such Owner shall fail to maintain the premises and the improvements situated thereon in a manner satisfactory to the Board of Directors, the Association, after approval by two-thirds (2/3) vote of the Board of Directors, shall have the right, through its agents and employees, to enter upon said Building Plot and to repair, maintain, and restore the Building Plot and any improvements erected thereon. The cost of such exterior maintenance shall be added to and become part of the assessment to which such Building Plot is subject.

ARTICLE VII

PARTY WALLS

Section 1. General Rules of Law to Apply. Each wall which is built as a part of the original construction of the homes upon the Properties and placed on the dividing line between the Building Plots shall constitute a party wall, and, to the extent not inconsistent with the provisions of this Article, the general rules of law regarding party walls and liability for property damage due to negligence or willful acts or omissions shall apply thereto. If a wall which is intended as a party wall is situated entirely or partly on one townhouse Building Plot instead of on the dividing line between townhouse building plots, due to error in construction, such wall shall nevertheless be deemed to be on the dividing line and shall constitute a party wall for the purposes of this Article. Reciprocal easements shall exist upon and in favor of the adjoining townhouse building plots for the maintenance, repair and reconstruction of party walls.

Section 2. Sharing of Repair and Maintenance. The cost of reasonable repair and maintenance of a party wall shall be shared by the Owners who make use of the wall in proportion to such use.

Section 3. Destruction by Fire or Other Casualty. If a party wall is destroyed or damaged by fire or other casualty, any Owner who has used the wall may restore it, and if the other Owners thereafter make use of the wall, they shall contribute to the cost of restoration thereof in proportion to such use without prejudice, however, to the right of any such Owners to call for a larger contribution from the others under any rule of law regarding liability for negligent or willful acts or omissions.

Section 4. Weatherproofing. Notwithstanding any other provision of this Article, an Owner who by his negligent or willful act causes the party wall to be exposed to the elements shall bear the whole cost of furnishing the necessary protection against such elements.

Section 5. Right to Contribution Runs with Land. The right of any Owner to contribution from any other Owner under this Article shall be appurtenant to the land and shall pass to such Owner's successors in title.

Section 6. Arbitration. In the event of any dispute arising concerning a party wall, or under the provisions of this Article, each party shall choose one arbitrator, and such arbitrators shall choose one additional arbitrator, and the decision shall be by a majority of all the arbitrators. Should any party refuse to choose an arbitrator within ten (10) days after written request therefor, the Board of Directors of the Association shall select an arbitrator for the refusing party.

ARTICLE VIII

RE-SUBDIVIDING OF BUILDING PLOTS

Any Building Plot or part hereof may be re-subdivided or consolidated with any adjoining Building Plot or Building Plots or part or parts thereof to constitute a single Building Plot on which a residence may be constructed, provided that the same shall be approved by the Architectural Control Committee.

ARTICLE IX

USE RESTRICTIONS

The Building Plots and the Common Area shall be occupied and used as follows:

Section 1. Residential Use. No Owner shall occupy or use his Building Plot or building thereon, or permit the same or any part thereof to be occupied or used for any purpose other than as a private single family residence for the Owner, his family, guests and tenants of not less than 900 square feet of floor area, measured through the exterior walls of the building. Section 3. Insurance. Nothing shall be done or kept in the Common Area which will increase the rate of insurance on the Common Area, without the prior written consent of the Board of Directors. No Owner shall permit anything to be done or kept in the Common Area which will result in the cancellation of insurance on any part of the Common Area, or which would be in violation of any law. No waste will be committed in the Common Area.

Section 4. Nuisances. No noxious or offensive activity shall be carried on upon any Building Plot, or the Common Area, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the other Owners. No repair work, dismantling or assembling of motor vehicles or any other machinery or equipment shall be permitted in any street, driveway or yard adjacent to a street, or in the Common Area. No vehicle shall be parked on streets or driveways so as to obstruct ingress and egress by the Owners of Building Plots, their families, guests and invitees except for the reasonable needs of emergency, construction, or service vehicles for a time limited to as briefly as possible. For a period not to exceed Forty-Eight (48) hours, family, guests and invitees of Owners of Building Plots may park their vehicles in

Section 5. Temporary Structures. No structures of a temporary character, trailer, basement, tent, shack, barn, servants quarters or other out buildings shall be used on any Building Plot at any time as a residence either temporarily or permanently; nor shall any used residence or other used structure be moved onto any Building Plot. Section 6. Signs. No sign of any kind shall be displayed to public view on any Building Plot or Building except one sign of not more than five (5) square feet in area advertising the merits of the property for sale or rent. During the construction and initial sales period of the dwelling units the builder may use other signs and displays to advertise the merits of the property for sale or rent.

Section 7. Oil and Mining Operations. No gas or oil drilling, gas or oil development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any Building Plot nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any Building Plot.

Section 8. Livestock and Poultry. Trash, garbage or other waste shall be kept screened by adequate planting or fencing so as to conceal them from public view. All equipment for the storage or disposal of such materials shall be kept in clean and sanitary condition.

Section 10. Sewage and Water. No sewage treatment system nor water well shall be permitted on any Building Plot.

Section 11. Use of Common Area. Except in enclosed areas on a Building Plot, no planting or gardening shall be done, and no fences, hedges or walls shall be erected or maintained upon the Properties except such as are installed in accordance with the initial construction of the buildings located thereon or as approved by the Association's Board of Directors or their designated architectural committee. Except for the right of ingress and egress and the right and easement of enjoyment as defined herein, the Owners are hereby prohibited and restricted from using any of the Properties outside the exterior property lines of each Building Plot, except as may be allowed by the Association's Board of Directors. It is expressly acknowledged and agreed by all parties concerned that this paragraph is for the mutual benefit of all Owners of the Properties, and any additions thereto, and is necessary for the protection of said Owners. Any cooperative action necessary or appropriate to the proper maintenance and upkeep of the Common Area and the exteriors and roofs of the residences, including but not limited to, parking areas and walks, shall be taken by the Board of Directors or by its duly delegated representatives.

Section 12. Outside Antennas. Without prior written approval of the Board of Directors, no exterior television or radio antennas of any sort shall be placed, allowed or maintained upon any portion of the improvements to be located upon the Properties, nor upon any structure situated upon the Properties other than an aerial for a master antenna system, should any such master system or systems be utilized and require any such exterior antenna.

Section 14. Annoyance. No activity shall be carried on upon any Building Plot or the Common Area which might reasonably be considered as giving annoyance to neighbors of ordinary sensibilities and which might be calculated to reduce the desirability of the Properties as a residential neighborhood, even though such activity be in the nature of a hobby and not carried on for profit. The Board of Directors of the Association shall have the sole and exclusive discretion to determine what constitutes an annoyance.

ARTICLE X

EASEMENTS

Section 1. Construction. Each Building Plot and the Property included in the Common Area shall be subject to an easement for encroachments created by construction, settling and overhangs, as designed or constructed by the Declarant. A valid easement for said encroachments and for the maintenance of same, so long as it stands, shall and does exist. In the event the structure containing two (2) or more residences is partially or totally destroyed, and then rebuilt, the Owners so affected agree that minor encroachments of parts of the adjacent residential units or Common Areas due to construction shall be permitted and that a valid easement for said encroachment and the maintenance thereof shall exist.

Section 2. Utility, Emergency and Association. There is hereby created a blanket and perpetual easement upon, across, over, under and above all of the Properties for ingress, egress, installations, replacing, repairing and maintaining all utilities, including but not limited to water, sewers, gas, telephones and electricity, and a master television antenna system, if any such system is installed. By virtue of this easement, it shall be expressly permissible for the providing electrical and/or telephone company to erect and maintain the necessary poles and other necessary equipment on said property and to affix and maintain electrical and/or telephone wires, circuits and conduits on, above, across and under the roofs and exterior walls of said residences. An easement is further granted to all police, fire protection, ambulance, garbage and trash collector pick-up vehicles and all similar persons to enter upon the Common Area in the performance of their duties. Further, an easement is hereby granted to the Association, its officers, agents, employees, and to any management company selected by the Association to enter in or to cross over the Common Area and any Building Plot to perform the duties of maintenance and repair of the residence or Common Area provided for herein. Notwithstanding anything to the contrary contained in the paragraph, no sewers, electrical lines, water lines, or other utilities may be installed or relocated on the Properties except as initially programmed and approved by the Declarant or thereafter approved by Declarant or the Association's Board of Directors. Should any utility furnishing a service covered by the general easement herein provided request a specific easement by separate recordable document, Declarant or the Association shall have the right to grant such easement without conflicting with the terms hereof. The easements provided for in this Article shall in no way affect any other recorded easement on said premises.

Section 3. Underground Utility Services.

(a) Underground Electric Service. An underground electric distribution system will be installed to service each of the Building Plots. The Owner of each Building Plot, at his own cost, shall furnish, install, own and maintain (all in accordance with the requirements of local governing authorities and the National Electrical Code) the underground service cable and appurtenances from the point of the electric company's metering on customer's structure to the point of attachment at such company's installed transformers or energized secondary junction boxes, such point of attachment to be made available by the electric company at a point designated by such company at the property line of each Building Plot. The electric company furnishing service shall make the necessary connections at said point of attachment and at the meter. In addition the Owner of each Building Plot shall, at his own cost, furnish, install, own and maintain a meter loop (in accordance with the then current standards and specifications of the electric company furnishing service) for the location and installation of the meter of such electric company for the residence constructed on such Owner's Building Plot. For so long as underground service is maintained,

the electric service to each Building Plot shall be uniform in character and exclusively of the type known as single phase, 120/240 volt, three wire, 60 cycle, alternating current.

(b) Telephone Service. Telephone service shall be available for each Building Plot and the Common Area. Service between the telephone company's main lines and an individual residence shall be by way of underground conduit.

(c) Water Service. Water service shall be provided for each Building Plot by way of a water distribution system owned by PINE VILLAGE PUBLIC UTILITY DISTRICT.

(d) Sanitary Sewer Service. Sanitary sewer service shall be provided for each Building Plot by means of a sanitary sewer collection system owned by PINE VILLAGE PUBLIC UTILITY DISTRICT.

(e) Utility Bills. Each Building Plot Owner shall directly pay at his own cost and expense for all water, gas, electricity and other utilities used or consumed by him.

(f) Use of Easements. Easements for underground utility services may be crossed by driveways and walkways provided the Declarant makes prior arrangements with the utility furnishing service. Such easements for underground services shall be kept clear of all other improvements, including buildings, patios, or other pavings, other than crossing walkways or driveways, and neither Declarant nor any utility Company using the easements shall be liable for any damage done by either of them or their assigns, their agents, employees, or servants, to shrubbery, trees, flowers, or other improvements of the Owner located on the land covered by said easements.

Section 4. Changes and Additions to Easements. The Declarant reserves the right to make minor changes and additions to the above easements, as to any Building Plots owned by it, for the purpose of efficiently and economically installing and operating above mentioned utilities.

ARTICLE XI

GENERAL PROVISIONS

Section 1. Enforcement. The Association, or any Owner, shall have the right to enforce, by any proceeding at law or in equity, all restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of this Declaration. Failure by the Association or by any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

(b) Additional land within the area described in the attached Exhibit "D" may be annexed from time to time by the Declarant without the consent of other Owners within ten (10) years of the date of recording of this instrument.

(c) The annexation or addition may be accomplished by the execution and filing for record by the owner of the property being added or annexed of an instrument which may be called "ARTICLES OF ANNEXATION" which shall at least set out and provide in substance: the name of the owner of the property being added or annexed who shall be called the "Declarant"; the perimeter description of the property being added or annexed which for descriptive purposes may be designated as the second or third, etc., as the case may be, section of PINE VILLAGE NORTH; the description of the residential areas and of the Common Area of the property being added or annexed and the rights and easements of the Owners in and to the Common Area; that the property is being added or annexed in accordance with the provisions of this Declaration of Covenants, Conditions and Restrictions, and that the property being annexed shall be developed, held, used, sold and conveyed in accordance with and subject to the provisions of this Declaration of Covenants, Conditions and Restrictions; that all of the provisions of the Declaration of Covenants, Conditions and Restrictions shall apply to the property being added or annexed with the same force and effect as if said property were originally included therein as part of the original development; that the property being added or annexed is submitted to the jurisdiction of the Association with the same force and effect as of said property were originally included in this Declaration of Covenants, Conditions and Restrictions as part of the original development; that the "Common Area" of the property being added or annexed will be conveyed to the Association subject to the rights of the Owners therein, prior to the sale of the first Building Plot in the added or annexed property; and, such Articles of Annexation may contain such other provisions which are not inconsistent with the provisions of this Declaration of Covenants, Conditions and Restrictions or the general scheme or plan of development of PINE VILLAGE NORTH as a residential development.
