

Shawnee Tractor and Engine Club

Our show has happened and it was a success. I think we had about 120 entries and all our members survived.

The weather was nice and warm for both days with lots of activities keep the members busy. After Friday's events we had a dinner to fellowship and recognize the featured family. We had a good time and no one got chilled. More pictures of these events and others on the following pages.

Walter photo bombed looking for cookies, Mike, Pete, Mr Ford, and the Kubicek family on the right, with Carl to there left

Look at these two couples.

Was it date time at the show?

Thanks Bob for helping James with the announcing

We had a good show this year. Special thanks to the men that put up the cover over the bleachers, I think the crowd liked them. We were able to use a sled that would stop modified lawn tractors.

Check the website to make sure none of the dates have changed. <http://www.oktractorclub.com/>
