

Public Request for: Small Business Regulations to Amend and Eliminate

Washington, D.C. (March 10, 2017) Today the U.S. Small Business Administration Office of Advocacy requested The Federal Allies Institute to begin compilation of a list of small business federal regulations to amend or eliminate.

The Federal Allies Institute requests of the public for small business owners and managers to submit comments by April 28, 2017.

The Federal Allies Institute Small Business Deregulation List will be compiled and submitted directly to a formal panel at U.S. Small Business Administration and Donald J. Trump Administration.

“On January 30, 2017 and February 24, 2017 President Donald J. Trump signed Executive Orders on Reducing Regulation and Controlling Regulatory Costs and on Enforcing the Regulatory Reform Agenda, respectively, said David T. Boddie, Executive Director, Federal Allies Institute. “This is an effective opportunity for small business to fight back against economic and other impact of regulations and we must do it now.”
