

THE GENERAL
1972-73
VOLUME I
ROBERT E. LEE SCHOOL
FAYETTEVILLE, TENN.

ROBERT E. LEE

Since this is our first year-book, it seems appropriate to look briefly at the past before presenting the present.

The first school on this campus was City High School, (upper left photo) later replaced by our middle building still in use.

PRINCIPAL'S MESSAGE

To the Students: Compare yourselves as you entered the fourth grade to what you think you will be when you enter Jr. High.

The difference is growing and learning. The difference here is R.E. Lee. The difference is what YOU make it, with the help of parents, teachers, friends, and others. You are basically the same person on leaving as entering here; but your experiences, especially at this age certainly will have an effect on what you do and what you are for the rest of your life.

EVERYONE succeeds-EVERY ONE of our students has succeeded in many and different ways this year. Congratulations to each of you for your personal successes and to all of you for achieving much TOGETHER.
