WELCOME!

Welcome to the Southwest Select Broke Horse Sale! We have an excellent set of horses this year, not a lot, but definitely all working horses that know their job and are dependable.

We have selected horses based on quality and that folks said were honest. Please take the time to visit with the consignors and, if at all possible, to ride the horse prior to the sale. We want people to be pleased with their selection and that can only be achieved by doing your homework on the horses offered for sale.

The sale will be Sunday, May 13, 2018. The sale horse preview will be at 8 a.m. MST in the All Seasons Arena located at the fairgrounds in Bowman. **All horses in this sale will be shown under saddle** so you, the buyer, can see what they are capable of other than what you only see in the sale ring. There will be roping steers available for those that would like to showcase their horse's team roping or breakaway talent. The sale will be at 1 p.m. MST at Bowman Auction Market.

Visit www.facebook.com/SouthwestSelectBrokeHorseSale for colored pictures and videos!

We hope you like what you see and see you at the sale!

SALE DAY NOTES

All buyers have the right to have a horse vet inspected and blood drawn at their own expense. Horse cannot leave grounds and must go directly to Bowman Auction Market's veterinarian by Monday, May 14, 2018.

The sale committee reserves the right to reject any horse from consignment up to sale time.

Seller's will provide a negative Coggins test.

A halter and lead rope must be supplied by seller for every horse. Horses must be returned to their original pen following the sale.

All horses will be shown under saddle at the preview. There will be two horses in the arena at a time. After every horse has shown, consignors will have the opportunity to rope steers, calves, or barrel race. This is NOT a judged viewing.

ABSOLUTELY NO alley trading is allowed. We ask that all sales go through the office for appropriate payment and transfer. Anyone caught alley trading will be banned from further sales.

Once a horse is consigned, horses are bound to the sale. Buyers come a long way to bid on the horses. We have worked very hard to advertise and find buyers for all horses.

We understand that no horse is perfect. With this in mind, we ask that all consignors admit to lameness, behavioral or health issues, and level of experience to the public. We are striving to be an honest man's horse sale so everyone knows what they are getting up front.

The sale committee's guarantee of a horse will be limited to Tuesday, May 15 at noon. After that, all guarantees are between the seller and buyer. We feel you have had time to ride the horse and find any misrepresentation by then.

Seller has the right to put an absolute bottom bid on his/her horse. This must be known to the auctioneer when the horse enters the ring, if not before. Auctioneer reserves the right to no sale said horse if bottom is not reached.

Horses must be settled in the office prior to leaving yards, including no sales.

Payments to consignors will be held, along with original paperwork for buyers, until checks clear (5 days).

PLEASE BRING THIS CATALOG WITH YOU ON SALE DAY!

Paco is a solid built 2013 buckskin gelding. He has a great work ethic and a big stop. Our cowboys love working cattle on him. Paco has been used on the ranch for calving, moving cattle, sorting and pasture roping. He has a willing disposition and light handle. Paco will be used for ranch work and calving until sale day. He has the potential to make a top heel horse or calf roping horse. Full brother to Shiney and Tuff. Paco has been on our ranch since he was a weanling. His dam is Shiney Vaca Reina, a palomino mare from the Black Rock Ranch in Idaho that is now a part of our herd. She is sired by Vaca Rey, a fancy son of Smart Little Lena and Autumn Boon, whose show career prematurely ended due to an injury. Vaca Rey is a full brother to Wild Thing DNA (\$109,558 earnings) and Boon a Little (\$18,404 earnings) and his dam is Miss Shiney Cat, daughter of the legendary Shining Spark. Paco is sired by PC Tuff Dual, a grandson of Dual Pep (NCHA \$307,384, progeny earnings exceeding \$25 million.) Loads and hauls easy. Stands for farrier. UTD on vaccinations and worming. NOTE: Paco's right eye was excised in early 2017 due to puncture. This does not impede his performance. For additional information on Paco, visit our website at www.longpineslivestock.com

Nice, nice, home raised buckskin gelding that's gentle and been over a lot of miles. He has done everything you can do on the ranch. He has pulled calf sleds, put pairs out, drug calves, etc. He has been my go to horse for the last few years. Ram Circuit Finals Champion Brett Price put 30 days heading on this horse. He stands 15.2, probably weighs 1100 lbs. He's been used in ranch rodeos. Not for little kids, but if they are 11 on up and know how to ride, this guy will work. Turn him out in November, bring him in in March. Same horse all the time (stays broke). He has references too.

Judge Cash's offspring have earned well over \$1 million in barrel racing and another \$1 million on the track, including a world champion, seven superior runners, and numerous graded stakes winners. Nine year old ranch gelding. Big boned, good feet, loads, trims, easy going, but not an "in your pocket" kind of horse. We purchased Jasper as a weanling at the Sugar Bars Sale in Sheridan, Wyoming. All the ground work was done as a yearling, but he has minimal riding each year due to us riding many outside horses, so he rides like a four year old. We have used him hard all through calving this spring.

Take a look at the flashy paint! "Waylon" is a stout, finished ranch horse with a soft, collected handle. He has experienced everything on the ranch from roping and stretching cattle in the pasture to dragging them in the trailer. He knows how to travel with a smooth gait in big country. He has started roping steers from the heading box and is really coming along. FMI call 605-850-9841. Thank you!

"Gunner". Here is a really broke, gentle, 10 year old horse. He has been ranched on a lot at two sale barns for the last year penning cattle. He has had some reining training a few years ago. Really broke and a handy little horse. Would make a break away and/or heeling horse. Awesome sorting horse. Kind, gentle, and will go all day. Good for anyone. Check out his pedigree. I started this mare as a two year old and she has been a ranch horse since. "Nellie" has done everything from branding, sorting, to pasture roping bulls, cows, and calves. She is very cowy and confident in job. Driftwood and Sugar Bars bred with a line of Dash for Cash. This is the type of mare that you ride for a while and put her in the broodmare band.

This is a horse that my dad raised. He's a nice little horse with some chrome. I started him when he was three then really used him hard last fall. Loads, trims, ties, hobbles, opens gates, and will cover some country. Will have heaps more of experience put on him throughout calving. Please feel free to call me and come try him out.

Black and white tobiano, 13 HH, 850 pound mare we purchased at four months old. We used her around cattle, trail rides, wagon train rides, arenas, and parades. She pretty well has been there, done that. She is sound and gentle and does what you ask of her.

DOLLAR 2007 Black Gelding

Owner: Kyle Hinebauch
Phone: 406-365-7082

Dollar has been there and done that when it comes to ranching--sorted and gathered pairs, trailed yearlings, and moved bulls. He has drug countless calves to the fire as well as pasture doctored yearlings. He's been rode at the sale barn, opening gates and crowding cows. He is a gentle giant who stands 16.1 HH. He has good get up and go but will also make an excellent kid's horse in his older age. He is fun to ride and a real eye catcher wherever you go.

I've had this horse for a few years now and he's been my favorite since I've owned him. He's big and athletic and dang sure will watch a cow and isn't afraid to step out in front of one. This horse will require a confident rider. He has been rode at the sale barn, drug lots of calves to the fire, and sorted a bunch of cattle. Loads, ties, washes, trims, hobbles, opens gates, covers the country, and on a good day might just dig a posthole for you. If put into the right hands, I think this horse could have the potential to be roped off of in the arena. Please come try him out or call me with any questions you might have about him.

STICK
2008 Paint Gelding

Owner: Seth Weishaar
Phone: 605-210-1124
GRADE

Stick is a smaller made horse at 14 HH or so. Very gentle and would be a good step up horse or practice horse for someone. Very good in the box. Real quiet and gentle for a beginner. Good to ride outside. He has a contracted heel so when rode hard, he will limp on it unless you shoe him. If you plan to ride him hard, he does fine with a little bute. Call 605-210-1124 for more information.

Here is a big 16 HH, 1275 lb. gelding that is super gentle and gets around like a 15 hand horse. He was ridden by an older woman as a trail horse for a couple years. He's being ranched on now dragging calves, working sale barn, etc. Really stout by the horn, would be an outstanding head horse prospect. Really put together like a horse should be.
