- Creates a healthier and more energized workplace.
 - Effectively manages stress in the office.
 - Helps prevent repetitive use injuries.
 - Improves morale which, in turn, increases productivity.
 - Rewards your team demonstrating that you value them.
 - It's a wonderful and economical benefit to offer your hard-working staff.
- You can provide the experience in your office by paying for your employees to receive a massage or offer them a break throughout the day, or each employee can pay to enjoy a few minutes to rejuvenate.
- Treat your employees to a massage break. On-site seated massage offers a convenient, relaxing treatment that lasts from 10-30 minutes. Seated massage leaves employees feeling relaxed, refreshed and ready to conquer their work. On-site seated massage is the preferred way to manage stress for many leading companies worldwide. The positive effects of workplace massage create lasting results and contribute to the well-being and success of the entire company.
 - Offered fully clothed focusing on high tension areas
 - Offer it during your holiday party
 - Invite friends over to enjoy a massage party
 - Provide an appreciation day
