

Hi Friends,

My name is Ally! I participated and competed in gymnastics from the ages of 2-15. After, I went on to dance for my high school drill team and then became a professional dancer for The Texas Legends and The Allen Americans in the Dallas area. Fun fact, I tried out for the Dallas Cowboys Cheerleaders 3 times and even made it to the finals! I am so happy to be returning to my roots in gymnastics where it all started. I would not be the same person I am today if I had never been enrolled in gymnastics. It taught me self-discipline, time management, how to take on a challenge & most importantly, how to maintain a healthy lifestyle. I cannot wait to meet your little one(s) and watch them learn, grow, improve and come to find their true potential from within.
