

Chebeague Island School Department

CTC Transportation Coverages

August 30, 2018

Dear Parents:

For 6-12 Parents: The School Department provides CTC transportation for all of our students in grades 6-12, plus for any K-5 students going to private schools on the mainland. Other basic coverages are noted below for you or your child's travel on CTC this year:

(1) The CISD will pay for one round trip per day for one (1) adult who is traveling on the ferry for the sole purpose of transporting a K-12 student to and from a non-Yarmouth school on the mainland. The adult must sign the School Log.

(2) All K-12 students who are living on Chebeague Island and who are traveling to and from school on the ferry in order to attend a non-Yarmouth school on the mainland may ride the ferry and it will be billed to the CISD. Non-resident students visiting parents on Chebeague Island may sign the School Log and the CISD will pay for their ferry transportation to and from school when they are visiting.

(3) The CISD will pay for one (1) adult who is traveling on the ferry in order to transport a K-12 student to school who missed the morning ferry. This CISD-supported option will be reviewed if repeated instances occur for the same student. The adult must sign the School Log.

(4) One (1) adult who is traveling on the ferry in order to transport a grade 6-12 student to and from a school affiliated sports practice or afterschool program may sign the School Log. The adult must sign the School Log. This does not include daily transportation of K-12 students to and from school. The CISD will not pay for parents of K-5 students or for K-5 students for travel to sports practices or afterschool programs on the mainland.

(3) Up to two (2) parents/step-parents who are traveling to attend teacher conferences or school-related events on the mainland such as school Open House, school sports games (not practices), and school-related performances may sign the School Log. Other relatives/friends are not included in this benefit. The parents/step-parent must sign the School Log.

If anyone has any questions about the CTC coverages this year, please email Mike or call the school at 846-4162.

We hope this information is helpful to you and your children.
