## John Sullivan

Producer and Director

John Sullivan is co-director and co-author of hit films "2016, Obama's America" and "America" which highlights the ideals of American Exceptionalism.

In 2008, John produced the feature documentary, "Expelled: No Intelligence Allowed", which featured Ben Stein.

John has produced some of the biggest independent films in the last decade and recently completed production on the film Gosnell about abortionist Dr. Kermit Gosnell and is wrapping up a film on Vladimir Putin.
