

O'Connor Water Plumbing and Maintenance Assistant

\$20-\$25/hour

Assistant for small (3,000-person), privately-owned water company serving parts of Menlo Park and East Palo Alto. Must have basic plumbing skills, be able to do physical work (lift 40 pounds, dig holes/trenches, do yard work), and understand conversational English. 5-6 hours/week, and on call for emergency work. Will train. Hours and responsibilities could grow. Ideal for someone interested in becoming a water operator.

To apply, send your resume with contact information to oconnorwater@gmail.com (preferred), or call 650-321-2723.

Responsibilities include:

- Maintain grounds (raking, cleaning up, painting, etc.)
- Be available by cell phone to help resolve customer problems or complete water operator projects
- Assist the water operator with the following activities:
 - Checking pressure chart
 - Turning on and evaluating pumps
 - Checking compressor, pumps and motors
 - Testing generator and checking fuel
 - Flushing hydrants and exercising valves and report problems
 - Repairing leaks on mains, valves, curb stops, and meters
 - Reading meters and recording readings
