

Josh's Sno Cone Shack!

Jaidyn and Gracie went to visit Josh's Sno Cone Shack.

There were 5 yummy snow cones at Josh's.

Roll the die to find out how many snow cones they put in their box.

- Record what happens: $5 - 2$ makes 3 cones left at Josh's Sno Cone Shack
- Prove it! $5 - 2 = 3$ because $3 + 2 = 5$
