Michael began the meeting with a discussion describing the location of the AUSAP booth, stating any and all help is welcome and invited people to stop at the booth for specific questions or information.

AUSAP will leave this position unfilled and hold nominations again in 2017 to seek candidates for the position. Michael continued the discussion with the details of our voting process to the members, thereby explaining the lack of an election.

In addition, Michael illuminated all the accomplishments that the organization had accomplished during the last few years. We as an organization are able to offer scholarships for the conference held at Utah Valley University in February of each year; and the Fall Conference each year in September in St. George. This process allows members in need of assistance access to several CEU opportunities. Additionally, AUSAP provided for the training statewide, of 109 professionals in providing the Moral Reconciliation Therapy (MRT) training. .

Michael gave the Board members present an opportunity to introduce themselves to other members, a thank you was given to Rhonda Odom who organizes and handle many of our administrative duties, which include the conferences liaison, web site management, test registration, mass emails, membership issues, posting of the minutes and financial and budget summaries as well as many other tasks..

The last piece of business handled on September 21, 2016 was a plaque and a congratulations speech awarded to Michael Odom as the organization's past-president. The plaque was awarded to Michael by Jeff Smart our credential committee chairperson.
