

4733 Amber Valley Pkwy S, Ste 104, Fargo, ND 58104 | Ph: 717.585.0393 | www.KeystoneStateTesting.com

Greetings,

Thank you for reaching out to Keystone State Testing/Dakota State Testing.

1. As stated on our website Keystone works with our sister laboratory Dakota State Testing to provide Hemp/CBD testing.
2. Discounted pricing may be negotiated with our CEO in the event of bulk testing.
3. Our results reflect only the sample provided. If the sample provided is not representative of your product, future testing of samples may differ from results provided.
4. We guarantee results 3 business days or less from when payment is received.
5. According to the Federal Farm Bill samples may be mailed provided shipper retains a copy of the certificate of analysis.

Alternatively, samples may be dropped off at Keystone State Testing if prior arrangements are made.

6. Wet/fresh sample for potency testing should be 3g, dried sample can be 1g.
7. Potency samples may be packaged in new air-tight plastic bags. Contaminant testing must be packaged in sterile/final containers.
8. We require a copy of your state permit if results of testing are to be sent to the Department of Agriculture.
9. All samples must be accompanied with a completed Chain of Custody form.

If you have any questions please contact Robert at RobertG.Keystone@gmail.com or (814)553-7558.
