Angel of God Resource Center, Inc.

History

The Angel of God Academy of Angel of God Resource Center, Inc., ("AOGA") is a training and educational facility directed toward workforce needs. Angel of God Academy offers a growing array of classes and training opportunities for persons seeking to attain, maintain, or advance their employment.

The academy meets students' needs at their individual starting point in the learning and/or employment spectrum and works with them to improve their situations. The academy provides the education and skills needed to promote career and personal advancement. In addition, the academy offers support and advocacy to help students meet educational and training goals and to help students recognize and remove barriers that may be preventing them from obtaining gainful employment.

The academy also offers a number of employment and career support services, including a resource center and workshops to link and support individuals to workforce opportunities.

Angel of God has taken an at-risk population and engaged them in skills where they have a natural passion, i.e., working with race cars and old school vehicles. Agencies focusing on "Job Centered Economic Development" have demonstrated their effectiveness at helping low-income people develop skills for high-wage employment opportunities, thereby increasing life style levels and reducing incentives for criminal activity. Angel of God seeks to build coalitions among employers, colleges, social service agencies, law enforcement authorities, faith-based and government organizations, including the Center for Disease Control, and the Department of Human Services.

Angel of God Resource Center Inc., (AOGRC) is a not-for-profit 501(c) (3) organization established in 2008 and Incorporated in 2009. Our existing programs are automotive training and placement, financial insurance training & placement, mentoring, anger management and conflict resolution workshops, grant writing assistance, resource building through networking and community partnerships. AOGRC provides workshops and programs partnering with agencies and providing workshops with over 200 participants in session.

SATISFACTORY PROGRESS POLICY FOR VETERANS

The Satisfactory Progress Policy found in this Catalog applies to all students who are receiving federal veterans' education benefits (GI Bill®), except that these veterans must adhere to the requirements as defined in this Addendum.

Evaluation Time Frames

The Angel of God Academy will evaluate veterans for attendance and grades at the end of each month for all approved programs.

Attendance, Satisfactory Progress and Academic Probation

AOGA recognizes that attendance and academic performance are critical components of the learning process. Satisfactory progress expectations will be outlined in the student's enrollment agreement.

Both unexcused and excused absences will be considered equally in determining the attendance rate as well as certification attainment and completion of Semesters. To that end, students will be allowed three excused absences (i.e.: illness, emergency). Both attendance and academic progress will be monitored regularly by program staff and instructors.

Students who miss more than three days of class and/or are failing to meet the requirements of 90% attendance, score consistently below 70% on assignments, or are unable to take certification exams due to falling below the required 80% practice exam pass rate, will meet with the program manager and instructor to discuss the requirements and develop a corrective action plan.

Once the plan has been implemented, the student's progress will be evaluated for a 2 week time period. Situations will be assessed on a case-by-case basis; however, students who continue to fail to meet these requirements may be subject to early dismissal from the program.

Since the goal of the program is achievement of a recognized industry credential, should a student's attendance rate fall below 90%, but achieve one industry recognized certification, they will be considered compliant with the program and will be deemed a successful completion should they exit the program or achieve unsubsidized employment.

Dismissal and Reinstatement

After the probationary period, if it is determined that the student is unable to meet the academic and attendance requirements of the program, they will be dismissed from the program.

Students dismissed for failing to meet the satisfactory academic progress policy who feel they have extenuating circumstances beyond their control may submit a written appeal, along with supporting documentation, to the school for reinstatement.

Reinstatement decisions will be made on an individual basis by Angel of God Academy, and will take into consideration whether the student has the desire and capability to successfully complete the program. Students who are reinstated may be required to repeat certain areas of the program to gain proficiency in the subject matter, upon approval from AOGA, and will reenter the program on a probationary status and evaluated for a 2 week time period. Upon successful completion of the probationary period, the student may be reinstated. Eligibility for payment of repeated classes may vary according to the source of the tuition. Students dismissed for conduct will not be considered for reinstatement.

Completion & Certification

Successful completion requires a passing grade of the minimum 70% in each course of study, minimum of 90% attendance, and completion of each course of study within the specified time period for the program. Upon successful completion of the program a student will receive a certificate of completion from Angel of God Academy.

Since the goal of the program is achievement of a recognized industry credential, should a student's attendance rate fall below 90%, but achieve one industry recognized certification, they will be considered compliant with the program and will be deemed a successful completion should they exit the program or achieve unsubsidized employment.

To achieve certification, students must pass the relevant vendor-approved examination(s). In order to sit for each certification exam, students are required to twice obtain 80% on the assigned practice exams. Angel of God Academy does not grant professional certification.

Students who pass vendor approved certification exams will receive their certificates directly from the issuing vendors. The student's enrollment agreement provides details on the process for professional certification.

Prior to sitting for an exam, students should utilize all available exam preparation resources. Students will be provided with a variety of tools which may include practice exams, on-site learning labs, workshops, books, exam content guides, online courseware, virtual labs, and mentoring with a learning coach. In addition, many students also find it helpful to form study groups with their peers.

Please note, however, that the use of exam preparation tools does not guarantee a passing score and successful completion of a program of study does not guarantee licensure, certification, employment in a relevant occupation, or transferability to other educational institutions or programs. Students should consult with institutions to which they may seek to transfer, regarding transferability of courses or certifications.

Statement on Attendance for VA Certification

The Angel of God Academy will certify a veteran's enrollment in an approved program to the United States Department of Veterans Affairs (USDVA). This certification, in part, requires the Angel of God Academy to report to the USDVA the amount of clock hours per week a veteran will be in attendance. If a veteran fails to attend the certified amount of hours per week and this failure results in a change of pursuit as defined by the USDVA, the Angel of God Academy must report this issue to the USDVA. This report may result in a lesser monthly payment from the USDVA to the veteran and possible overpayments from the USDVA to the veteran and the Angel of God Academy. The Angel of God Academy strongly advises veterans to pursue their training as specified in the Enrollment Contract.

**VA Pending Payment Compliance
Compliance with 38 USC 3679(e)**

Beginning August 1 ,2019, and despite any policy to the contrary, Angel of God Resource Center, Inc. will not take any of the four following actions toward any student using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill@ (Ch. 33) or Vocational Rehabilitation and Employment (Ch. 31) benefits, while their payment from the United States Department of Veterans Affairs is pending to Angel of God Resource Center, Inc.:

- Prevent their enrollment;
- Assess a late penalty fee to;
- Require they secure alternative or additional funding;
- Deny their access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students may be required to:

- Produce the VA's Certificate of Eligibility by the first day of class;
- Provide written request to be certified;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies (see our VA School Certifying Official for all requirements).

Please note, however, that the use of exam preparation tools does not guarantee a passing score and successful completion of a program of study does not guarantee licensure, certification, employment in a relevant occupation, or transferability to other educational institutions or programs.

Travel

Depending on the selected program, students may need to travel to AOGA school sites in order to complete the requirement for successful program completion, such as attending live classes or workshops and utilizing testing labs to practice or sit for certification exams. All travel expenses are assumed by the student. Students receiving federally-funded financial aid through WIA, TAA, or the VA may be eligible for reimbursement of travel costs through that agency. Students should inquire with their funding agency for details.

Employment

If a student becomes employed while in a training program, the student must notify AOGA as soon as possible. Students receiving federally-funded financial aid through WIA, TAA, or the VA should also advise their contact at that agency of the change in employment status. Post-completion employment is not guaranteed by AOGA.

Students commit to maintain contact with AOGA for 6 months after program completion and provide regular updates on employment status, employer, job title, and salary in order to measure the effectiveness and employment impact of training. Future employment data will be entered into an information data base and may be shared anonymously with other agencies for the purpose of administration and advertisement.

Program Extension

Once the allocated time for an assigned program has ended, the student will no longer be guaranteed access to course material and support services, including, but not limited to: online course materials, live classes and workshops, academic and technical support, and use of technology such as broadband internet service and laptop.

AOGA is not required under any circumstances to extend the period of a student's enrollment if the student has not completed the assigned program in the allocated time. However, requests for extensions will be reviewed on a case by case basis and may be approved at the discretion of AOGA. Requests for extensions must be submitted in writing to AOGA and include a) the circumstances that have prevented completion of program requirements within the prescribed time limits; and b) a realistic plan for the completion of all remaining program requirements.

Whenever possible, requests for extension must be accompanied by proof of necessity, such as doctor's note, police report, proof of full time employment, or similar.

Reinstatement & Repeating Courses.

Students dismissed for failing to meet the satisfactory academic progress policy can petition the school for reinstatement. Reinstatement decisions will be made on an individual basis by Angel of God Academy and will take into consideration whether the student has the desire and capability to successfully complete the program. Students dismissed for conduct will not be considered for reinstatement.

Students who are dismissed from a course may be required to repeat it before proceeding to the next course in the program. Students may also repeat certain courses to gain proficiency in the subject matter, upon approval from AOGA. Eligibility for payment of repeated classes may vary according to the source of the tuition.
