### **SPRING TULIPS**

Tulips are such a pretty spring flower. The only drawback is they are gone way too fast. I always wish they would last a little longer. A lot of life is like that, just way to fast. Of course I know with me if I would take a moment to slow down I might get that extra minute with those pretty tulips. I know that, but have a hard time making myself do that very thing. So I have found a way to combine my love of tulips and a way to make them last for this sew social. I hope you will join us for sew social and take a minute to admire the pretty tulips. Oh I forgot, green thumbs are not needed for this adventure.

#### **Supplies:**

Bring your favorite sewing tools, sewing machine :

- (1) White 10 inch square
- (1) Green or green print 10 inch square
- (4) Different 5 inch square prints that look happy together.
- (4) 2 ½ inch white squares
- (1) 1 ½ by 8 inch dark green strip or it can be a dark strip that looks nice with the green you may have

I hope you will join us for this spring time adventure and remember we do a mini-potluck too. So yummy food, fellowship and happy sewing. Sounds like a blast to me!
